## Court Orders Better Diet For Food Stamp Clients

WASHINGTON (AP) — The Agriculture Department is under court order to draw up a new food stamp plan that will allow all recipients to obtain a nutritionally adequate diet.

The U.S. Court of Appeals ruled Thursday that the present formula for food-stamp payments to 19.6-million participants is invalid because it fails to provide such a diet to all recipients. It gave the Agriculture Department 120 days to draw up a new plan.

However, the court allowed the present rules to remain in effect pending department action because of "the critical importance of the allotment regulations to the functioning of

the entire food stamp system.

"For a family that needs a loaf of bread, the offer of a slice is poor comfort," the three-judge court said in an opinion written by Judge J. Skelly Wright.

The ruling is "the most far-reaching legal decision ever rendered in the anti-hunger area," said Ron Pollock, an attorney and director of the Food Research and Action Committee, which brought the suit.

"For the first time it signals that poor people will have an opportunity to obtain nutritionally adequate diets as a matter of entitlement."

The department has not decided whether to appeal the

decision further, said Edward J. Hekman, administrator of the Food and Nutrition Service in the Agriculture Department.

The court said that 1971 amendments to the Food Stamp Act marked a major shift in the policy of the law, a shift from supplementing the diets of low-income households to guaranteeing those households an opportunity for an adequate diet.

The plaintiffs, who included members of low-income households, the City of New York and the Commonwealth of Pennsylvania, claimed that the Economy Food Plan on which food stamp allotments are based does not provide a nutritionally adequate diet.

They also claimed that even the Economy Food Plan costs more than the food stamp allotments provided under the current schedule.

The court said it would not render judgment at this time on the adequacy of the plan.

The Agriculture Department computes payments using a hypothetical family of four that consists of a man and a woman 20 to 35 years of age, a child of either 6 to 9 years of age and a boy 9 to 12 years old.

Use of the hypothetical family formula does not allow recipients to buy a nutritionally adequate diet because it does not consider such factors as the age and sex of family members who actually receive the stamps, the court said.

The current figures allow \$46 a month to a family of one person, \$154 for a family of four and \$268 for a family of eight. For each additional family member above eight, \$22 is added

monthly.

The court found that the cost of the Economy Food Plan on a monthly basis in August 1973 for the 11-person household of Miriam Rodway of New York City was \$410.24 while her coupon allotment was only \$248.

## Friday 13th Is What You Make It

MIAMI, Fla. (AP) — Today is the day that all acute triskaidekaphobics fear the most. But one psychologist says Friday the 13th will turn out unlucky only if you think it will.

"We call it 'selective perception,'" says Dr. Charles Verschoor, a psychologist at Miami-Dade Community College. "Every single day of your life, something pretty adverse happens. On Friday the 13th, you get your mind tuned up to notice."

Authorities say triskaidekaphobia — fear of the number 13 — has been around since the days of early Greece. There were 13 persons seated at Christ's Last Supper, and Friday the 13th is the traditional day for witches to hold black masses.

## Wants More Power Plants Ford Offers Utility Tax Breaks

By FRANK CORMIER  
Associated Press Writer  
WASHINGTON (AP) — President Ford unveiled today proposals designed to spur the building of new power plants through liberalized tax write-offs and tax-deferred treatment of utility dividends that

are reinvested. Ford, in a statement, said he accepted and endorsed all recommendations on the subject presented to him by his labor-management committee that studied ways to hasten utility plant construction and the conversion of oil and gas-

fired plants to use of coal as a power source. Secretary of Labor John Dunlop told reporters the proposals would result in a tax break for utilities in fiscal year 1976 of between \$500 million and \$1 billion. He said members of the labor-

management committee would carry the proposals to Congress personally.

At a briefing, Federal Energy Administrator Frank Zarb said the amount of energy the nation generates from nuclear power could increase from two per cent to about 20 per cent by the late 1980s "if we can get this program and solve other problems such as safeguards and disposal of nuclear wastes."

In a report to Ford dated May 21, the committee lamented the deferral or cancellation of utility construction projects and said this "may be expected to result in future energy shortages and serious restrictions to economic expansion."

Key committee recommendations endorsed by Ford included:

— Granting of a 12 per cent investment tax credit to utilities for an indefinite period, with application of the credit to work already in progress. Congress recently boosted the tax credit for utilities to 10 per cent from 4 per cent for a two-year period, but the committee said this did not go far enough.

— "The urgent need for equity capital in the electric utility industry," said the panel, "should be met by a legislative provision that dividends which are reinvested in new issue common stock of the company have tax deferred."

— Extension beyond the scheduled Dec. 31 expiration of a program for five-year fast tax write-offs of pollution control facilities. In addition, Ford and the committee recommended the same favored tax treatment be granted for the expense of converting power plants to the use of coal.

— "Stretch out, as necessary, present environmental restrictions on energy production and use to reduce energy consumption and facilitate expansion of domestic energy output."

"Having carefully reviewed these recommendations," Ford said, "I accept and endorse them because they can make a

significant contribution in reducing the nation's dependence on oil imports and in conserving scarce natural gas supplies.

"Additionally, an expansion in electric utility construction and production will provide solid, long-range employment

which will be highly beneficial to the country. An increase in electric utility capacity will also contribute significantly to economic expansion."

The labor-management committee began its report to Ford

(See back page, sec. 1, col. 3)

## Winning Number

LANSING, Mich. (AP) — Here is the winning number in the daily Michigan Lottery drawing for Friday, June 13: five-one-two, (512).

## Unions Promoting NYC As 'Fear City'

NEW YORK (AP) — Two judges have ordered policemen, firemen and other city employees to temporarily abandon plans to give tourists "Welcome to Fear City" pamphlets as part of a campaign to halt the layoffs of thousands of city workers.

But a spokesman for one of the groups said he plans to carry on the campaign regardless.

One order was signed Thursday night by State Supreme Court Justice Moses H. Weinstein at the request of city of-

ficials who said the action could "create the kind of panic you can't control."

Earlier, Justice Louis Heller signed an injunction at the request of the Transit Authority's chief executive officer, John DeRoos. He contended the leaflets would promote disorder at the airports, in bus and train depots, and in other places where tourists are found.

The 26 municipal unions, which face big cuts under a proposed \$11.9 billion 1975-76 "crisis budget," had planned to start distributing today leaflets which contain nine "survival tips" for arriving tourists. The leaflet carries a drawing of a death's head cloaked in a black hood under the legend, "Welcome to Fear City."

Mayor Abraham D. Beame, who says the city may have to dismiss 37,315 of the city's 315,000 employees by June 30 to balance his budget, called the proposed campaign "a new low in irresponsibility," a "gross outrage" and "brass knuckle tactics." He threatened disciplinary action against participants.

Beame cited Ken McFeeley, president of the Patrolmen's Benevolent Association; the PBA's press agent, Howard E. Morse; and Richard Vizzini, president of the Uniformed Firefighters' Association, who brushed aside pleas to cancel the campaign.

Vizzini said he had not been served with an order against the leaflets. He said he intended to distribute them at John F. Kennedy International Airport.

The State Supreme Court in New York is a lower court.

**ON WAY AGAIN:** The nation's bicentennial wagon train makes its way Thursday to its campgrounds near Arlington, Wash., after being stopped by the Stillaguamish Indian tribe for a pow-wow. The tribe is

seeking official recognition from the federal government. The 'reverse' wagon train hopes to reach the east coast by July 4, 1976. (AP Wirephoto)

## Two Ask Hearings On Fraud Charges

William H. Lanphear, a retired state police lieutenant of Sault Ste. Marie, and James Boreham, former president of Beaudoin-Stueland Electric Co., St. Joseph, both demanded preliminary examinations on fraud conspiracy charges yesterday in Berrien Fifth District court.

The two men and Thomas W. McCoy, a St. Joseph attorney and former special assistant prosecutor with the Berrien prosecutor's office, are charged with conspiracy to obtain \$24,372 under false pretenses.

Warrants charge purchase orders were sent from Beaudoin-Stueland to Soo Surplus which returned invoices indicating equipment had been shipped to Beaudoin-Stueland but allegedly was not delivered.

Sources at Sault Ste. Marie, said Soo Surplus was not listed in the phone or city directories there, but that a William Lanphear on June 27, 1974, filed a statement with the Chippewa county clerk indicating he was

doing business as Soo Surplus. No purpose of business was contained in the statement.

Lanphear, 51, who retired this past March as commander of the state police post at the

New Buffalo and Paw Paw state police posts.

Boreham, 36, who listed an address yesterday of 316 Main street, St. Joseph, was released on \$25,000 real estate bond. Boreham formerly listed an address of Rangeline road, Berrien Springs. Arraigned in early May on charges of embezzling \$2,142 from his former company, Boreham posted a property bond for some \$80,000 worth of property and \$500 cash.

The men were arraigned in Berrien District court by visiting judge Donald Goodwillie, of South Haven.

Berrien Prosecutor John Smietanka earlier explained that the out-of-county judge was brought into the case because McCoy has worked with the prosecutor and with several

Ford's last job rating, reported last week, was 50 per cent, an increase of 13 percentage points.

"Soo" was freed on \$1,000 personal recognizance to await preliminary examination. Date was not set for the examination. In the 1950s he served at the New Buffalo and Paw Paw state police posts.

Boreham, 36, who listed an address yesterday of 316 Main street, St. Joseph, was released on \$25,000 real estate bond. Boreham formerly listed an address of Rangeline road, Berrien Springs. ## I&M Reopening Cook Center

The Cook Nuclear Information Center, adjacent to the Donald C. Cook nuclear plant on Lake Michigan just north of Bridgman, will reopen to the public June 18 on a limited scheduled basis.

Indiana & Michigan Electric company officials said that numerous requests by schools, clubs and organizations and the general public asking that the facility once again be made available as a source of infor-

mation for not only the plant but nuclear energy in general, has prompted the company to again open the doors.

Since closing last December, in an austerity move, company officials said literally hundreds of letters and telephone calls had been received from schools, colleges and universities expressing regret that the center could no longer be used as a part of their respective educational programs.

I&M officials said the center will only be open weekly from Wednesday through Saturday 9 a.m. to 5 p.m. and on Sunday from 11 a.m. to 6 p.m.

Complete facilities of the center will be available including the snack bar. Group tours can be arranged by calling the center.

## Last Of Rebates In Mail

WASHINGTON (AP) — The last of the federal government's tax rebates were in the mail today, but the effect of the rebates on the economy may not be known for some time.

The Treasury Department said \$3,221,161 tax rebates with a total value of \$7,896,737,163 were sent to taxpayers.

Some straggler rebates — where there is doubt as to the amount to be returned or who is to receive it — may still be mailed in weeks ahead.

Bring Dad in for his free Shake Sunday, Father's Day. Tastee Frezzy, S.J. Adv.

Were it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate to prefer the latter. — Thomas Jefferson.

## Suicide For Taxpayers: Repealing The Hatch Act

One out of every five of the nation's workers is now employed by government at the local, state or federal levels. Yet for years most government workers have been forbidden to participate in such basic political activities as fund-raising, organizing or campaigning in partisan races. The reason is the Hatch Act, which Congress passed in 1939 to prevent the party in power — then the Democrats under Franklin D. Roosevelt — from using hundreds of thousands of government employees to run its political structure and campaigns at public expense.

Named after its chief sponsor, Sen. Carl A. Hatch (New Mexico Democrat, 1933-49), the measure incorporated more than 3,000 Civil Service Commission recommendations from 1886 to 1939 dealing with political involvement by federal employees. In 1940 certain provisions were extended to include employees of federally funded state and local agencies. Last October, a little-noticed revision of the Hatch Act removed most of the restrictions on state and local employees. They are now free to engage in any political activity except running for office in a partisan election.

However, the nation's 2.7 million federal government employees are still restricted by the Hatch Act. But Congress is now considering proposals to modify the act and in effect repeal it. The principal sponsor of this legislation is Rep. William Clay (D Mo.), who argues that the Hatch Act has a "chilling effect" on federal

employees and reduces them to "second-class citizenship." Clay is chairman of the Subcommittee on Employee Political Rights and Intergovernmental Programs (of the House Post Office and Civil Service Committee), which will hold hearings on the issue on Friday, June 13, in Hawthorne, Calif., and on Monday, June 16, in Denver, Colo.

Defenders of the Hatch Act argue that any change would invite a return to the spoils system under which government workers were hired on a patronage basis and were expected to contribute to their employers' party. Under the act, employees cannot be pressured for cash contributions, political favor or partisan performance to help elected officials. "Whatever political activity is permitted to federal employees will quickly become that which is required of them," argues Robert E. Hampton of the U.S. Civil Service Commission.

Even should this come to pass, it may not be the worst feature of political activity by government employees. More to be feared is the concerted impact of the government bureaucrats on the political process. They already have far too much power just running their bureaus. Making it possible for them to create a special interest party that automatically includes 20 per cent of the electorate is nothing but political and economic suicide for privately-employed taxpayers.

Instead of repealing the Hatch Act, Congress should put state and local employees back under it.

## Go-It-Alone Fathers Achieve Respectability

Father's Day, which will be celebrated this Sunday, June 15, is widely regarded as an afterthought, a mere coda to Mother's Day. Equal time for Dad, so to speak, but not really. This is not the case, however, for at least 836,000 American children under the age of 18. According to the Census Bureau, that is the number of children who live in families headed by a bachelor, widower or divorced father.

Because of the belief that a mother's presence is crucial to child-rearing, the single-father household was long a rarity. But now attitudes are changing. "Males clearly have the same instincts, the same protective feelings toward children that females have," says Dr. Lee Salk, director of pediatric psychology at the New York Hospital-Cornell Medical Center. "There is no scientific basis whatsoever to indicate that the female is superior to the male in doing this. The only condition under which the female is perhaps better suited for child-rearing is the process of breast feeding."

Adoption agencies have become more tolerant about single-parent adoptions and the courts are more objective in terms of who gets children in a custody battle. And the U.S. Supreme Court affirmed the rights of widower fathers in a decision handed down last March. In a case involving a New Jersey man whose wife had died in childbirth, the Court unanimously ruled that an amendment to the Social Security act granting aid to a widow caring for a child but not to a widower is unconstitutional. The decision allows for a new class of Social Security payments, which the government estimates would have cost \$20 million last year. Widower power has made its mark.

## Capt. Bligh, Humanitarian

It's never too late to rehabilitate a reputation, even if it's that of the beastly Captain Bligh of the H.M.S. Bounty.

Many people are not aware, says Nutrition Today magazine, that the purpose of the voyage that ended in the famous mutiny in 1789 was to bring breadfruit trees back from Polynesia to the British West Indies, where repeated hurricanes had destroyed the food crops and caused the worst famines ever known in the Western world.

Bligh's second voyage was even more ambitious — to spread new foods to all the places he visited and bring back new specimens to the West. Like a nautical Johnny Appleseed, Bligh, sailing in the Providence, planted fruits and vegetables here and gathered seeds and cuttings there throughout the Pacific.

The apple trees and potatoes he planted in Tasmania are today a major source of income for that island, says the magazine. And the precious breadfruit he finally did deliver to Jamaica is now the principal source of dietary protein for the Caribbean poor.

The man responsible for that couldn't have been all bad, despite what Charles Laughton made a generation of movie-goers believe.

### UNHAPPY ABOUT STATE PARKS

Editor,

In response to James R. Bulmer's letter, I am also a native of Indiana but that is no excuse for these people to take over our parks. If I were to go to Indiana and wished to go to their state park in Chesterton, I'd be willing to pay more. I used to live in Chesterton and Porter and went to their park. They were never like this.

I also said, while I was in line, that I never saw a Michigan car and we didn't. Sure there may have been cars from Michigan in there but I bet very few. I heard that the cars towed away that weekend were all from Indiana and Illinois.

Why should I, a resident of Michigan, have to get up at dawn to beat these out-of-state people to my own park? It gets worse every year. I know, because I go every year, when I can get in, and these lines form every weekend not just over a holiday. I still say, something should be done.

Joyce Smith  
P.O. Box 128  
New Troy, Mich.

### UNHAPPY ABOUT COLOMA SCHOOL VOTE

Editor,

The voters in the Coloma school district have done it again — they are so in favor of everything that is going on that they put the incumbents back on

the school board. They had a chance to get some new blood on and really goofed — the "yes" men are back in power.

And now we are going to have a millage increase, while the superintendent sits on a million dollar building and site fund, which he has complete control over and can use in any way he pleases. Why do we have to have such a large "slush" fund? Just how much do we need in this fund for expenses for the next 3 months? What is the plan for the next 12 months? Just how much capital do you need on hand for what kind of emergencies?

Let's take this building and site money and pay our expenses. The taxpayers have just about had it up to their ears with increases and we can't take much more. Not only would we like to send our children to a nice school, but they must have clothes on their backs and food in their tummies, too. We can't spend all our income on taxes.

A dress code was adopted recently. If the dress code allows what I've seen on the streets, stop wasting time on writing a dress code. And if these clothes are not acceptable, who is in charge of policing what is worn to school?

Bids are being asked to paint a small school house. If the high school classes can build a modern house, why can't they paint an old building?

When are the taxpayers in the Coloma school district going to wake up to what is going on in our schools? You are being railroaded by a superintendent who tells the school board what he wants done, instead of the school board making decisions. But from your action at the recent election — you don't care what goes on and you must be wearing blinders over your eyes. You had a chance and you blew it. The only solution to the whole problem would be to fire the superintendent and recall the entire board.

Mrs. Carol Admundson  
Rte. 4, Paw Paw Lk. Rd.  
Coloma

## Do You REMEMBER?

### — 10 Years Ago —

Thirty-three Benton Harbor and St. Joseph students departed yesterday morning for Switzerland where they will spend six weeks studying French and absorbing the magnificent scenery of the Alps. The camp at Leysin, Switzerland, is under auspices of the Foreign Language Institute. Mrs. Daniel Walther, a Benton Harbor high school teacher, is director of the trip.

### — 25 Years Ago —

Work on Berrien County's new 200-prisoner jail will get underway within the next week, it was indicated today after the board of supervisors almost unanimously approved construction bids on the project at a lengthy session Monday afternoon. The new jail, which will cost some \$800,000 when completed and fully equipped, will replace the outmoded half-century old structure now in use. It will be located on a block square area west of the present jail bounded by Wayne, Ship and Church streets. Pearson Construction company of the twin cities, was awarded the general contract.

### — 50 Years Ago —

Mrs. George Cooke Adams of 542 La Salle avenue, St. Joseph, today received notification from London that King George had conferred on her the title for officer of the Order of the British Empire, one of the highest honors bestowed by England for meritorious service. The honor comes as a token of appreciation of the work of the Daughters of the British Empire, as its name indicates, an organization composed of women of British nationality in the United States. The St. Joseph City Band, directed by Fred H. Null, will give its second regular Sunday afternoon concert tomorrow on the Lake Front.

### — 75 Years Ago —

Tuesday night, although cool, was quiet and moonlight, making an ideal time for the first excursion of the season on the river, and a hundred and

seventy-five patrons embarked on the steamer Tourist for the ride to Emery's resort under the Congressional auspices. The young folks enjoyed the ride and sang songs as they glided along the smooth stream on the comfortable steamer. At Emery's the lawn was lighted with Chinese lanterns and refreshments of cream and cake were served.

The program of the musical entertainment to be given by the Chicago opera company at the Bell to-night contains a high order of operatic selections which are to be rendered by vocal artists in character costumes and with appropriate scenery.

Mt. Pleasant — Fred Gleason is moving his barn this week. George Hemingway and Kitty Herrick visited relatives near Baroda last week. A gravel pit has been found in Mt. Pleasant Hill and the roads are being graveled near by.

## Tom Tiede

## Is America Blind To Iran Tyranny?

Washington — The United States hosts thousands of foreign students who because of the prestige of their American education look forward to going back home to optimistic futures. Some current students from Iran, however, foresee quite different circumstances when they return. They believe they will be arrested, jailed, possibly tortured and, as one of them glooms, "there is the likelihood some of us may also be shot."

The collegiates, grouped together as the Iranian Students Association, have, they say, learned more in America than may be good for them. Exposure to democracy of thought has radicalized their long held opposition to the Iranian monarchy, and it is this radicalism that worries them.

Actually, the students are, as leftists go most mild. They merely wish for free speech, free association and representative government in their homeland. According to the present Iranian system, they say, this is heresy and a form of anti-patriotism. Mohammed Reza Shah Pahlavi runs the store in Persia and suffers nobody lightly who questions the propriety of his ownership.

For instance, say the students, who for self protection often wear masks, even on Pennsylvania Avenue, the one party government of the Shah of Iran is currently holding "at least 35,000 political prisoners" in slums back home. Their offenses, in some cases, as verified by numerous international inquiries, fall into the category of "working against the state", that is, criticizing the Shah.

It is against this kind of terror, and the mentality condoning it, that the Iranian students have organized. They

hold meetings, demonstrate at the White House, pass out leaflets. Nobody pays the slightest attention, of course, conscience raising having gone the way of all flesh in America, as if bed spring roastings were a yawn. But the students continue to risk their lives hoping for some small support from the earth's oldest constitutional democracy.

The support, actually, could be much more than small. The students believe the Shah, or at least the Shah's repressive laws, could not long stand without the massive military and political assistance provided by the U.S. government.

What we are doing, argue the students, is setting up "another Vietnam." The Shah is "like Nguyen Van Thieu, without wide support among his people, and he'll be in directions opposite the peoples' good. "Why does this nation of oil need nuclear reactors for electricity?" the students ask. "Why so much money for defense in a nation where 65 per cent of the people cannot yet read or write? And why, with \$22 billion annually in oil income, is so much of the population still in rags and starving? If for just one day the U.S. stopped support, the Shah would collapse."

Albeit the support will not stop. Even for a day. Despite the lessons of Southeast Asia, the United States continues the policy of supporting nations instead of people. We back the leaders not the led. At present the Shah has revoked the passports of some Iranian students in America and has asked the U.S. government to send them home. It will surprise no one, not least the students, when America, bastion of freedom, inevitably complies.

## Marianne Means

## Ford Lacking Party's Support

WASHINGTON — President Gerald Ford is supposed to officially announce his Presidential candidacy any day now, and thereby become the first White House incumbent in modern history to admit that for more than a year he will be both a full-time candidate and a full-time Chief of State.

As a practical matter, some of Ford's recent predecessors spent as much time campaigning as governing for most of their first terms. But this will represent the first time a President has ever admitted what he was up to.

There are no precedents for what this may mean to the nation next year, just as there are no precedents for the situation that is forcing Ford to take such a candid step. That is, of course, that fact that as the only President who has never been elected by any voting group larger than one congressional district he is under great pressure to prove that he seriously wants and deserves the job in his own right.

If you are the sort of person who looks only at the trees, it will seem that the President is staking his claim for election at a politically advantageous time. But if you look only at the forest, it will seem that his prospects are very shaky indeed.

The tree-watchers will see his record of political victories during the past month. He handled himself well during his visit to Europe, mulling at least for the moment critics of his inexperience in foreign policy. He bested the Democratic-controlled Congress when it was unable to override his veto for an expensive measure to provide more jobs. His proposals for continued high military spending were sustained in principle when the Senate repeatedly turned back efforts to cut controversial programs.

He won public acclaim for his decisive defense of the captured crew of the cargo ship Mayaguez. And his political standing, according to the latest Harris poll, improved sufficiently to defeat Sen. Edward Kennedy in a trial heat, 46 to 46

per cent. But those trees do not yet a forest make. The proof that this is so comes from the professionals within his own party whose job it is to concentrate on the big picture.

A resolution circulated last week in the Senate by minority leader Hugh Scott that supported the President for the 1976 nomination attracted only 16 of the 38 Republican senators. And there was little enthusiasm for the President among GOP governors at the annual governors' conference this week. Their leader, Christopher Bond of Missouri, indicated that he doubted the governors would have much influence on the convention anyway.

Conservatives continue to openly press former California Gov. Ronald Reagan to seek the Presidency whether or not Ford announces. Former Treasury Secretary John Connally, cleared of Federal bribery charges, is emerging as a forceful Ford critic and a potential anti-Ford rallying point within the GOP.

The most damning evidence of Ford's political problems, however, came from his own Republican National Committee last week. It broadcast the second in a series of three television programs designed to attract newcomers to the GOP, at a total cost of \$328,000. The party's official regarded their President as such a weak selling point that his name was not even mentioned in the basic portion of the show.

In fact, the show carefully denounced big government in Washington without noting that for the past seven years that government has been run by GOP Presidents. And the omission reflects the professionals' fear of the forest.

TO ENDORSE FORD  
NEW YORK (AP) — The state Republican Committee has voted unanimously to endorse President Ford for the 1976 Republican presidential nomination, citing what it called his "outstanding leadership."

# Township's Airport Voting Rights May Go Into Writing

Twin City airport board members Thursday were presented a proposed revision for the "constitution" of Ross field.

The revision would put into writing voting rights on the airport for representatives of Benton and St. Joseph townships. The township representatives vote on some airport matters concerning them, but the voting rights are not written into the present 31-year-old pact for running Ross field.

Both St. Joseph and Benton township contribute to the airport operating fund. However, an example of something they would not vote on would be the sale of airport land which is owned by the Cities of St. Joseph and Benton Harbor.

St. Joseph City Atty. Arthur

G. Preston yesterday distributed first drafts of the proposal for members to study. Preston said the board can use the agreement he has written as a starting point in discussing changes.

Chairman John Banyon said members could study the proposal at their leisure, then discuss details at the July session. Ratification could take months. Any agreement would have to have the approval of the airport board and the member municipalities.

Atty. Preston proposed to cut the total number of members from 10 to eight. Benton Harbor and St. Joseph have three members plus their respective city managers. The two township representatives participate in all discussions and

vote on operational subjects.

Airport Manager Edward Weisbruch will attempt to write a new parking agreement covering auto rental agencies. The parking lot at Ross field has been fenced in and motorists are required to pay \$1 for parking.

The auto rental agencies need space to park their cars. The problem is intensified in that there are upwards of 50 cars in stock. Putting all rental cars in the parking lot would limit that facility and building a separate parking lot is too expensive.

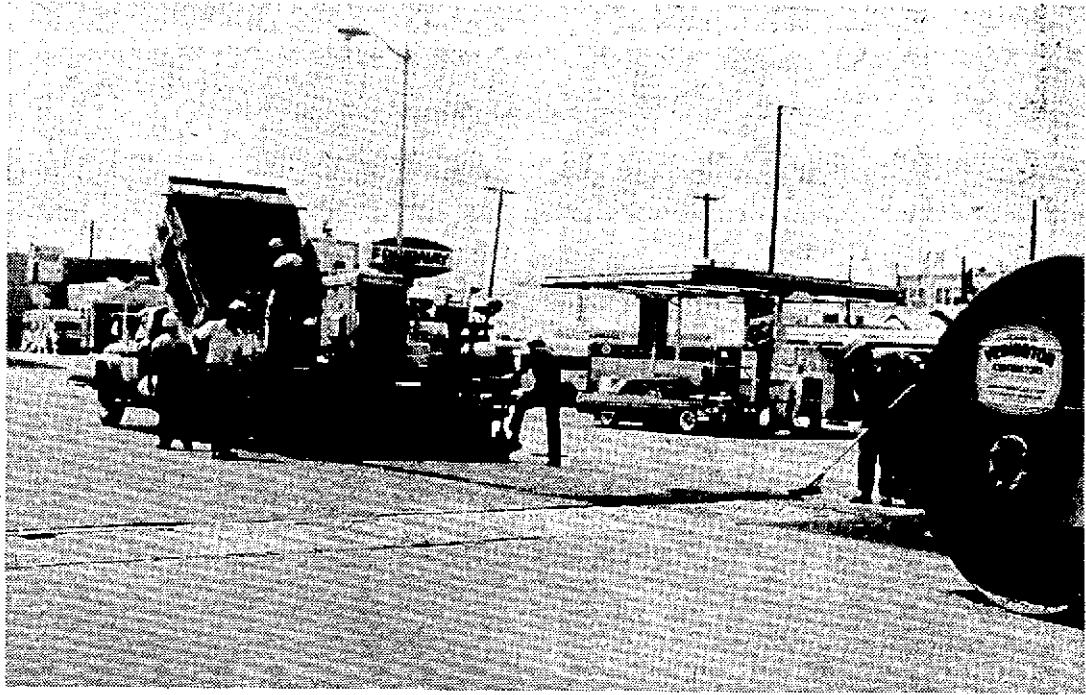

Weisbruch said the overnight parking lot is in operation. Meters will be installed shortly along the drive leading to the terminal. Parking in that area will be at the rate of 25 cents per hour. Parking in the big lot is

\$1.

Weisbruch said the airport has just received a fire truck. It cost \$24,000. It carries 450 pounds of dry chemical fire extinguisher and 50 gallons of foam. It will have insulated firemen suits for getting close to a fire. The truck is fitted with a variety of rescue tools.

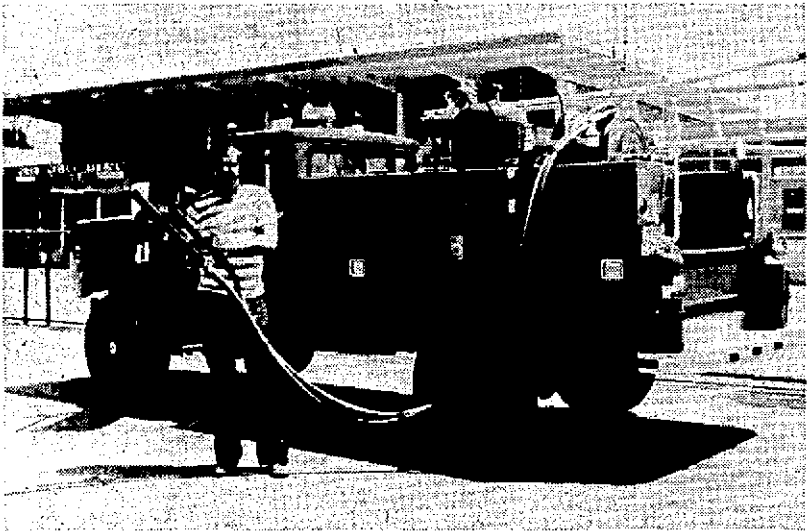

Airport personnel are in the process of learning how to use the new equipment. The apparatus is mounted on a four-wheel drive International truck. Weisbruch said the new truck could be at the scene of a fire anywhere on Ross field in 30 seconds.

The board re-elected its officers, making one change on the list. Secretary-treasurer Joe Carver was elected treasurer. He had held the dual post for a year. Don Ranum was elected treasurer. Re-elected were Chairman John Banyon and Vice Chairman Don Ross.

**MAIN STREET PAVING:** John G. Yerrington Co. workers resurface Main street, Benton Harbor, with layer of asphalt. Yerrington was awarded \$72,800 contract from state highway department which is paying major portion of paving from St. Joseph river east to Paw Paw avenue. Benton Harbor City Manager

Charles Morrison said city will pay costs when width of street exceeds 60 feet, which will amount to approximately 8 per cent of total figure. Paving is expected to be completed in about one week, Morrison said. (Staff photo)

**ROSS FIELD FIRE TRUCK:** New \$24,000 fire truck has been delivered to Ross field, the Twin Cities airport. Gary Tiefenbach, a refueler, shows twin nozzles. One is outlet for 450 pounds of dry chemical. The other is for 50 gallons of foam. Unit has equipment for fighting airplane fires. The money to pay for the truck was part of a federal grant for airport improvements. (Staff photo)

## Former SJ Youth Will Make Film On Delinquency

**TOM LUDLAM, Jr.**  
Movie Maker At 18

A former St. Joseph resident, Tom Ludlam, Jr., 18, now of Danville, Ky., has written a script on juvenile delinquency and is half-way to making it into a movie.

Ludlam is the son of Mr. and Mrs. Thomas Ludlam. The elder Ludlam, a Whirlpool Corp. employee, was transferred to Danville four years ago.

The younger Ludlam was graduated from Boyle County high school, Danville, this spring. He plans to enter Notre Dame university this fall to enroll in pre-law.

Unable to find documentary films on juvenile delinquency, young Ludlam decided to make his own. The delinquency study was a two-year high school project.

Ludlam's work on the report earned him a seat on a new Kentucky task force on juvenile

justice — the only teenage member on the group.

Ludlam estimates he needs approximately \$1,200 to finance the movie. So far the Danville Jaycees, a woman's club and a 4-H chapter have contributed \$600. Ludlam has petitioned the Kentucky Jaycees and the Kentucky Crime Commission for additional fiscal support.

Ludlam hopes to start filming in July. He will be guided by the audio-visual department of Centre college, Danville.

Theme of the movie will be that rehabilitation of most juveniles could be accomplished in the community if local citizens and officials would work together.

The planned 45-minute movie would include interviews with police, attorneys, social workers and delinquents.

By MIKE WYNGARDEN  
Staff Writer

The Benton township planning commission last night advised the township board of trustees not to enter into a contract with a Detroit consulting firm to administer a portion of the township's \$788,000 federal Community Development program.

The commission voted 5 to 3 to advise the trustees not to enter into the contract with Parkins, Rogers and Associates, of Detroit, to provide the township with a study of the physical, economic and social conditions of the township.

Commissioners Charles Duncan, Chester Jolley, Laurel (Bud) Piggot, Frank Graziano and Chairman James Benson voted against the contract. Commissioners Daniel Cook, Robert Nametz and George Culverhouse voted for the contract.

Some \$80,000 has been earmarked in the budget of the 1975-1976 Community Development program for administration. The board of trustees had asked for commission advisement on a portion of administration costs, worth \$30,000, because it involved planning.

The commission advises and make recommendations to the board of trustees. The remaining \$30,000 in administration costs had been approved by the trustees without commission advisement.

The \$30,000 planning proposal by Parkins, Rogers and As-

sociates called for a study of the township's blight, housing and community needs and resources to determine how the Community Development funds should be spent.

The commission objected to the administration cost because it appears to be a duplication of services already offered by the township government.

"We already have enough local talent and information on housing and economic and social condition from the township's building department," Chairman James Ben-

son said. "I can't see any need to spend \$30,000 on administration costs when it could better be used for program use itself."

In another federally funded matter, the commission informally denied a request by a township trustee to reconsider its position on disapproval of application for another \$30,000 federal grant to update the township's 1965 basic land-use plan.

Ken Malkin, a township trustee, appeared before the commission asking that they reconsider their disapproval because

it "could be contingent on getting the grant." The trustees had earlier approved application of the grant and had later asked for commission advice on the grant as required by federal guidelines. Deadline for applying for the grant is today.

The commission, in a special meeting Tuesday, voted to deny application for the grant because they had not been consulted before approval and because the incorporation of the City of Fairplain, which would take away part of township land, would throw off any updated

version of the basic land-use plan.

In other action, the commission:

— Approved a request by Helen Kunst, 1753 East Ogden avenue, for a home occupancy permit to operate a beauty shop in her home.

— Approved a request of M.E. Burkett for a license to sell used travel trailers at 2540 Territorial.

— Approved a request by David Burreson for a used furniture license at 1775 Territorial.

## Candidate Raps City Hall Power Battle

Morgan Hager, Jr., 29, of 430 Clay street, Benton Harbor, announced his candidacy for commissioner-at-large in Benton Harbor.

"I feel it is time we have a governmental body which is more concerned with the problems of the city than the power hungry battle of one man and his three yes men," Hager said.

"In a time when we need unity and growth, we have this segment pushing for separation, destruction and the power of a strong mayor form of government," he said.

Hager is running for one of two commissioner-at-large seats currently held by Commissioners Charles Yarbrough and Virgil May. May announced that he will not seek another term as commissioner. Yarbrough and Annie Lee Robinson, of 1035 Monroe avenue, have taken out petitions for the post.

Hager called the June 9 commission meeting "a prime example" of the separation

rather than unity occurring in city government. "The mayor showed his true colors in his thrust for power coupled with

his purely racist attack on one of the most respected members of the community, Rev. Arnold Bolin, at this meeting," he said.

"I strongly feel that this is not the type of government the people of Benton Harbor need or want. We desperately need to bring all the people, black and white, of our city together in unity if we are going to survive."

Hager is currently president of the Benton Harbor Jaycees, board member of the Tri-County Council on Child Development and a member of the Health Service Commission of the Southwestern Michigan Comprehensive Health Planning association.

He also was a member of the mayor's advisory council (1974), the recreation complex planning commission, and was parent chairman of the Head Start center. Hager and his wife, Jeanie, have two children. He is a Superior Steel Castings company employee currently on disability.

**MORGAN HAGER, JR.**

**MSU GRAD:** James M. Grannell, son of Mr. and Mrs. James C. Grannell, 1655 Roger avenue, Benton township, was graduated with honors from Michigan State university with a B.S. degree in zoology. He has been accepted at both the MSU School of Human Medicine and School of Osteopathic medicine and is undecided on which one to attend. A graduate of Benton Harbor high school, he attended MSU on a football scholarship and won a letter.

## BH Girl, 3, In Serious Condition

A three-year-old Benton township girl was listed in "serious" condition today at Mercy hospital's intensive care facility with head injuries suffered when she ran into a car yesterday afternoon.

According to township police, Helen L. McCabe, daughter of Mrs. Donna McCabe, 2189 Territorial road, apparently ran into the street near her home, hitting the side of a car driven by Theron Page, 26, of 430 Bridgman street, Benton township.

Page told police he swerved to avoid the child, but she hit the side of the car. No tickets were issued.

## Board Will Reorganize On June 25

**LAWRENCE** — Lawrence school board last night set Wednesday, June 25, as the date for the board's annual reorganizational meeting.

Election of board officers for the 1975-76 school year will be held at that time.

In other areas, the board approved purchase of four electric hand dryers for high school restrooms at a cost of \$150 per unit.

The board also accepted the resignation of David Baker, high school math teacher and varsity basketball coach. Baker, who has been a teacher in the Lawrence school system for eight years, is going into his own business.

Supt. Wesley Harding reported that all of the school system's bus drivers have passed tests administered by the state department of transportation.

## Alert Deputy Nabs Suspect

A hitchhiker was arrested Thursday on a two-year-old felony warrant after Berrien Sheriff's Deputy Tom Page offered him a ride and made a routine computer check on him.

Booked at Berrien jail on the warrant charge of larceny over \$100 was Woodrow W. Brown, 25, Watson road, Sodus. He was wanted by state police of the Benton Harbor post in connection with the alleged theft of a purse from an auto in March, 1973.

Page said he stopped to offer assistance to Brown who was walking on Pipestone road.

## Continue Help To Elderly

**LANSING, Mich. (AP)** — A Senate committee has voted to continue payments to elderly homeowners to help them pay property taxes while waiting for tax credits. Under a bill approved Wednesday by the Senate Taxation Committee, up to \$100 would be allocated to aging homeowners to help pay summer levies on property. The measure also would apply to paraplegics, quadriplegics, some veterans and the blind. The bill would allow senior citizens to apply for a \$100 payment to help pay the taxes when they become due, as was done last year. The payment would be deducted from tax credits, which run to \$500 and are not received until later in the year.

**HONORS GRAD:** Lisbeth Susan Lee, daughter of Mr. and Mrs. Sheldon Lee, 518 Botham avenue, St. Joseph, was graduated with high honors from Michigan State university. She received bachelor of science degree in retailing: clothing and textiles. Miss Lee was also honored by Mortar Board as one of MSU's 50 most outstanding senior women. She will be employed in September by Lord and Taylor, New York, N.Y., as an assistant buyer.

# Ice Cream Social July 13

**GETTING READY:** Kathleen Schram, left, whose mother, Mrs. John Schram is chairman of the annual ice cream social to be held near the bandshell in Lake Bluff park, St. Joseph, Sunday, July 13, and Shelley Landis, whose mother, Mrs. Doug Landis is co-chairman, sample some ice cream in preparation for the

event. The social will be sponsored by the St. Joseph Auxiliary to the Child and Family Services of Michigan and proceeds will benefit the agency's work in the area. Serving time will be from noon until 6 p.m. and the raindate is Sunday, July 20. (Staff photo)

## State President

### Hadassah Region

Mrs. Martin (Ruth) Sorkin of Berrien Springs has been re-elected president of the Michigan region of Hadassah.

Mrs. Sorkin is a past president of the Benton Harbor chapter of Hadassah, a past vice president and past recording secretary of the Michigan region.

Hadassah is a Zionist organization and nationally with 325,000 members is the largest women's organization in the United States.

The Michigan region is one of 31 regions in the country.

Among her duties as president of the Michigan region, Mrs. Sorkin must travel throughout the region visiting the local chapters.

The Michigan region is currently arranging a national speakers institute which will be held in Detroit June 16 and 17.

Mrs. Sorkin and Mrs. Albert (Sandra) Levin, current president of the Benton Harbor chapter, are also planning to attend the national conference to be held in San Francisco Aug. 17-21.

Mr. and Mrs. Sorkin are fruit growers in the Berrien Springs area and are the parents of three married children.

Mrs. Sorkin is a member of the Sisterhood of Temple B'nai Shalom, Benton Harbor, and of the women's B'nai Brith.

Mrs. Sorkin was re-elected and installed during the

region's annual conference held in Kalamazoo.

Nationally, Hadassah maintains a hospital in Jerusalem in Israel and this complex of hospitals on Mt. Scopus will be re-dedicated in October. Hadassah also maintains the only two-year college in Israel. Members also support day centers in Israel and help Youth Aliyah, which helps bring youngsters into Israel.

Mrs. Sorkin says members of Hadassah are also active in American civic affairs and locally members serve as volunteers for the Meals on Wheels program.

## Jaycee Unit Has Election

### Mrs. Selter Is President

MRS. ROBERT SELTER

St. Joseph Area Jaycee auxiliary, which was formed in the early 1950's to assist the Twin Cities Junior Chamber of Commerce and originally known as the Jaycee Mrs., has elected Mrs. Robert (Christine) Selter as its president.

Other new officers serving with Mrs. Selter are Mrs. Richard (Rolla) Morin, vice president and secretary, and Mrs. Michael (Carol) Treas, treasurer.

Mrs. Selter says through the years, the purpose of the auxiliary has been to assist the Jaycees with their projects and programs.

In 1973, when the Twin Cities Jaycees divided into two organizations, the Benton Harbor Jaycees and the St. Joseph Area Jaycees, the women's unit officially became the St. Joseph Area Jaycee auxiliary. In January, the group became chartered with the Michigan Jaycee auxiliary.

The main purpose of the auxiliary is still to assist the Jaycees, Mrs. Selter says, but the group also has its own projects. Among its goals are to promote personal development and provide leadership training for each individual member.

Among projects already held by the auxiliary were Secret Santa (Christmas baskets for the needy), helping at nursing homes, working on the March of Dimes campaign, distributing posters for the American Cancer Society, "Picture with the Easter Bunny" from which proceeds were donated to the Easter Seal Society for Crippled Children and Adults of Berrien

county and helping the Jaycees with the second annual Senior Citizens birthday party.

Future projects will include a fall fashion show, Halloween safety tips for children, and Pap Smear and Breast check clinic.

The St. Joseph Area Jaycee auxiliary membership is open to any women between the ages of 18 and 35. Members need not be wives of Jaycee members.

The auxiliary will meet July 22 at 4065 Urbandale drive, St. Joseph, at 8 p.m. Interested women are invited.

## Club Circuit

MILITARY ORDER OF COOPIES, AUXILIARY 7, will meet at 7 p.m. Wednesday, June 18, at the VFW 1137 Post home, Benton Harbor.

## Ability Helps Her Over Obstacles

JUANITA WILLIAMS

By HELEN HENNESSY  
NEA Women's Editor

ROCHESTER (NEA) — If you're young and from the South it would be natural to be apprehensive about your first job after college in the North, 1,088 miles away from home.

But when you're also black and a woman in a field traditionally thought of belonging to men it wouldn't surprise anyone if the apprehension led to galloping timidity.

Juanita Williams is from Jacksonville, Fla. She graduated from Florida A&M university in Tallahassee with a bachelor of science degree in chemistry. After graduation in the summer of 1973 she accepted a job in Rochester, N.Y., working as an analytical chemist for Eastman Kodak.

If you ask Juanita how she feels, she'll answer simply and directly, "I like it. There was plenty of room to be skeptical, being so far from home. I have

responsibility and a variety of interesting work. The people I work with are very helpful and pleasant. I'm really enjoying my work."

The work involves using a wide range of analytical techniques and equipment, primarily infra-red spectroscopy.

"There are very precise techniques to follow in evaluating some materials we receive for analysis. I should say that at first I was sure I was going to make a mistake and foul up an entire production line. But the people I work with gave me confidence."

Juanita chose to major in chemistry because she wanted a field she thought would be challenging. She admits she was lucky to have an outstanding science program at her high school and a professor who guided her well. Among career choices she rejected were medicine "because I can't stand the sight of blood" and teaching

"because I didn't think it would offer the type of challenge I wanted."

Through tuition aid and support from her family she graduated from college. She also spent a summer at the company where she launched her career after graduation.

Juanita's job is the first thing on her mind. Women's liberation is not one of her causes.

"It's difficult for a black woman to be a liberation activist," she said. "The greatest contribution I can make as a woman is to do my job as well as I can and prove that I can make it. From my experiences so far, I can't conceive that here and now I would be denied any opportunities if I did my job."

"I've got one goal that means a lot to me and I hope it will encourage women and blacks who want to go into engineering, chemistry or physics — that I'm thought of not as a woman or a black woman but as a capable chemist."

## Pair Wed 25 Years

COLOMA — Mr. and Mrs. Allen Beebe, route 4, Coloma, were honored on their 25th wedding anniversary at a surprise party June 7 in the Fellowship Hall of the Watervliet Free Methodist church.

Hosting the event were two sons and their wives, Mr. and Mrs. Richard M. Beebe, Stevensville, and Mr. and Mrs. Roderick M. Beebe, Watervliet. Beebe and the former Miss Donna Marie McLeod were married June 5, 1950, in Spring Arbor.

He is a math teacher at Benton Harbor high school and Mrs. Beebe is employed as a secretary in the guidance department at Benton Harbor high school.

The couple has four other children, Mrs. Cyrus (Rowena) Ailee of Ann Arbor, Mrs. Douglas (Rachel) Tucker of San Diego, Calif., and Miss Roxana Beebe and Robert Beebe, both at home.

The Beebes are members of the Watervliet Free Methodist church.

## Honor June Bride

Miss Debra Schmaltz, daughter of Mr. and Mrs. Virgil Schmaltz, 625 South Bainbridge Center road, Benton Harbor, was honored at a miscellaneous bridal shower June 5, at the home of Mrs. Otto Pallas, Wadena road, St. Joseph.

Miss Schmaltz will marry David C. Flaherty, son of Mayor and Mrs. Robert E. Flaherty, 618 Lewiston street, Watervliet, June 21.

Co-hosting the event were Mrs. Howard Christman, St. Joseph, aunt of the prospective groom, and Mrs. Joseph Beckman.

## ATTENTION! Future Brides

Brides-to-be planning engagement announcements and wedding stories in this newspaper are asked to observe the following rules:

Engagement and wedding forms are available in the women's department at The Herald-Palladium offices in Benton Harbor or St. Joseph. The pertinent information should be typed or plainly printed in filling out these forms to prevent errors.

Wedding forms should be picked up at least two weeks and turned in one week before the wedding is to take place.

When wedding information is

sent within two months of the engagement announcement date, only ONE picture will be run. The bride-to-be may have her choice.

Use proper names — not nicknames. In wedding information, use husband's names for married attendants.

Only pictures of the bride in her wedding dress will be used. Formal glossy black and white portraits are preferred.

Engagement and wedding pictures are usually available at this newspaper office after publication for a short time.

### COLOMA BAND BOOSTERS

Presents 11 Matinees at the Lema Theatre for \$7.00.

Tickets available at Bode's • Halls Sundries • Benton Stores • Yale Pharmacy • Highway L&A & Fun Factory.

### Lemon, Milk Are Substitutes

If a recipe calls for a cup of buttermilk and there's none on hand, you can substitute. Use a tablespoon of strained lemon juice or cider vinegar and add enough milk to make a cup.

## Growing Terrarium Garden

Terrarium gardens are popular. Once started, such a garden requires very little care because it recycles the air and water within the covered container.

Though it may not be necessary to add water for months at a time, it is important to keep the container clean so that light passes through easily.

### Stuff Turkey With Bread

Stuffing a turkey with cubed bread dressing? A one-pound loaf of white bread should yield about three quarts of cubes.

To make a terrarium, choose an interesting clear glass container. Wash thoroughly in suds and rinse. Dry and arrange sand or pebbles in the bottom for drainage. Place a thin layer of charcoal on top; add potting soil. Gather woodland plants or purchase small ones. Make holes in the soil and insert plant roots, pressing soil around each plant.

Spray the plants with water. Cover the top with glass or

plastic wrap, if desirable. Maintain the terrarium's sparkling appearance by wiping with a damp cloth or sponge as soon as it becomes dusty.

# Day Has Special Meaning For Lamaze Dads

Father's Day holds a special meaning for a group of area young men this year. As expectant fathers, they are enrolled with their wives in the current Lamaze class taught by team teachers Robert and Barbara Bannan.

Even if Father's Day does not become the birthdays of their

children, it holds a special significance for the men who along with their wives are training to become active participants in the birth of their children. As team teachers for Preparing Expectant Parents (PEP), the Bannans hope to help others experience the excitement and joy of a happy participating birth experience, not to be

"delivered" of a baby but to "deliver" that baby into a doctor's skillful hands. The Bannans experience the Lamaze method of childbirth with the birth of their daughter, Tamara. Bannan participated in the experience by assisting his wife throughout labor. In the Lamaze method, the

expectant father is provided with information to give him an understanding of the efforts labor will entail for his wife and what comfort and help he can be to her before, during and after the birth. Many hospitals are welcoming the prepared husband in the delivery room, enabling his support to continue to the very

special moment when he crosses the line to actual fatherhood and together, as a couple, they greet their child as it enters the world. In the Lamaze method, the Bannans point out, the father is not a "forgotten man" who spends restless hours pacing in a waiting room. The expectant couple, as a trained team, work with the body's natural birth process in order to make the birth experience more comfortable and pleasant.

Both of the Bannans bring professional teaching experience to their Lamaze classes. Bannan is a teacher in the Benton Harbor school system, and Mrs. Bannan is a former teacher. As PEP instructors they have completed an intensive training program after having experienced a fully prepared Lamaze birth and after Mrs. Bannan had breast fed their daughter for at least a six month period.

PEP is a non-profit, lay organization with a medical advisory board, offering instruction in the Lamaze method of prepared childbirth — medically, psycho-prophylaxis. Weekly class sessions of two hours each are held during the last two months of pregnancy. Class review and labor rehearsals are offered until the baby's birth. Husbands or labor coaches participate in the training.

PEP does not give medical advice nor in any way act as a substitute for professional medical care. The Bannans say. Classes are informal in nature and are usually held in the instructors' homes.

More information concerning the Lamaze method of childbirth, or registration for classes may be obtained by contacting Mrs. Lawrence Cain, St. Joseph.

## Sport Stars 'Fathers Of Year' Advise Shirts And Ties

**GIFT CHOICE:** Fathers of the Year, Tom Seaver, left, pitcher with the New York Mets, and Bob Griese, quarterback with the Miami Dolphins, display a selection of shirts and ties suitable for gifts for fathers on their day, Sunday, June 15. Seaver wears a floral

panel designed tie against a rust color fancy dot shirt. Griese selects a blue check linen-look shirt with natural ground and adds rich texture with a vibrant blue satin stripe tie.

## Install Officers

### Altar Society

Altar, Rosary Society of St. John's Catholic church, Benton Harbor, has installed Miss Lucy Mayer as president.

Other officers installed are Mrs. George Loeffler, first vice president; Mrs. Ralph Frost, second vice president; Mrs. Harden DeWitt, secretary, and Miss Ann Pica, treasurer.

Miss Mayer recently retired from Lake Michigan college, where she was a nursing instructor. She was instrumental in establishing the practical nursing program and the associate degree nursing program, as well as other health occupation programs at the college.

Purpose of the society is the care for and replacing of linens, candles, flowers, etc., on and around the church altars. It also assists in parish projects as needed.

MISS LUCY MAYER

## Senior Citizens Calendar

**Monday, June 16** — Cards and games for members and guests of Opportunity club, 1:30 p.m., YWCA.

**Monday, June 16** — Senior Service Center, 53 Wall, Benton Harbor, macramé class, taught by Joann Baker, 9 a.m. Also, quilting, 10 a.m. to 4 p.m.

**Tuesday, June 17** — United Auto Workers Senior Citizen Counseling Service for all interested older Americans, UAW building, 1575 Territorial, Benton Harbor, 9 a.m. to 1 p.m.

**Tuesday, June 17** — Painting taught at 10 a.m. by Ellaretta Brown, and Dorothy Lauder will instruct in crocheting and knitting at Senior Service Center, Benton Harbor, open all day.

**Tuesday, June 17** — Backyard fellowship potluck for Salvation Army's Home League at Mr. and Mrs. Cecil Wismer's, St. Joseph, 12:30 p.m.

**Wednesday, June 18** — Local shopping bus leaves Lakeview Terrace, St. Joseph, at 12:30 p.m. Call OATS for reservations.

**Wednesday, June 18** — Beginning and advanced sewing

taught by Pauline Hill at Senior Service Center, 53 Wall, Benton Harbor, 10 a.m.

**Thursday, June 19** — Y's Seniors, potluck and cards, 6:30 p.m. at the YWCA. Visitors welcome.

**Thursday, June 19** — Macramé, 9 a.m., with Joann Baker; sewing class, with Pauline Hill and knitting and crocheting with Dorothy Lauder, 10 a.m., at Senior Service Center, Benton Harbor.

**Friday, June 20** — Table games, 10 a.m. to 4 p.m., and bowling, 1 to 3 p.m., Senior

Service Center, 53 Wall, Benton Harbor.

**Friday, June 20** — Registration for nutrition program for next week, call 927-2495.

Older American Transportation Service (OATS) call 927-2497 or 983-5800.

For additional information call 983-3511, Community Information Service, 305 Lake boulevard, St. Joseph. To furnish details for this calendar, contact Marjorie Montgomery, adult program director at the St. Joseph-Benton Harbor YWCA.

## Seek BH Class Of 1960 Members

The Benton Harbor high school class of 1960 will hold its 15 year class reunion Saturday, Aug. 23, at Sweet Cherry Resort, Benton Harbor. Tickets may be secured by contacting Mrs. Floyd (Connie

Reed) Lippold, St. Joseph, or Mrs. Calvin (Sue Steink) Bennett, Sodus.

Anyone having information concerning the following class members, whom the committee has not been able to locate, is

asked to contact Mrs. Lippold or Mrs. Bennett:

Barbara Ann McNeal, Howard Mildebrandt, Patricia E. Miller, Myer Martin Mindel, Charles B. Moon, Phyllis Moore, Beverly Marie Morton, Judy Nelsene Mundi, Harry W. Norris Jr., Donnie Page Jr., Jimmie Wren Parker, Walter L. Patterson Jr., and Delores A. Paul.

Also, Essie Lee Pearson, Ronald W. Felton, Linda Nell Phillips, Calvin M. Price, Jerry Ray Puckett, Larry Austin Pullins, Lorraine Pugh, Wanda F. Redding, Robert M. Reinhardt, Wilma Jean Rice, Margaret Robinson, Georgena Romeo, George Rorick, Carroll Lynn Samples, JoAnn P. Scates, Kenneth Ronald Schley,

Terrance M. Scott, Pamela Dianne Shockey, Frederick E. Stipress and Jerry Slayton.

And, Gordon D. Snell, Ralph E. Starkey, Arthur Ray Steinke, Roger Stoll, Mary Ellen Stordahl, Harold Taylor Jr., Shirley M. Taylor, Bobby Thompson, Joyce P. Thomas, John D. Tongren, Sharon Tressmer, Robert Tucker, Ingrid Wappler, Carole Ann Warsee, Eddie Watson, Royal Watson, Oliver White, Myrna Yvonne Whorton, Gardiner A. Whyte, Walter Wilburn and June Will.

Others are Hiram Williams, Loistine Wilson, Marjory Lee Wilson, Susan Carolyn Wolske, Janet Wood, Rozetta Woods, Dorothy Young, Edward Scott Young, Marie Young and Charlene Ruth Zindler.

## RNA County Meeting

Oak Leaf Camp 3511, Royal Neighbors of America, will host the Berrien county convention of the organization Tuesday, June 17, at Memorial hall in St. Joseph.

Registration will begin at 10 a.m. and the afternoon session at 1:30 a.m.

Guests will include Iron Mountain, Allegan, and Muskegon Heights camp members.

Berrien county camps include Niles, Buchanan and Benton Harbor.

## Survey Reveals Careless Cooking

The United States Department of Agriculture recently undertook a survey of consumers' knowledge, opinions and attitudes toward safety in handling food items.

In a preliminary report summarizing some major findings, it appeared that homemakers may underestimate their individual responsibility for hygienic food preparation.

One finding, included in a section on cross contamination, revealed that consumers fail to wash their hands, utensils or cutting boards with soap and water after handling raw meat

or poultry. As exemplified, if a knife is used to cut raw meat, then used for chopping salad vegetables, the knife, hands and cutting boards should be washed thoroughly in suds. If this is not done, the bacteria from the meat would transfer a team of salmonella bacteria to the salad, though bacteria on the meat would be destroyed in cooking.

### PERKS UP FLAVOR

Adding Worcestershire sauce to a cheese sauce gives it perky flavor and it's good to serve over cooked cauliflower.

## Attorney Named PTA President

Atty. Rocco DeFrancesco has been elected president of the Fairplain West elementary school PTA for 1975-76. Other officers are Mrs.

Evelyn Quevillon, vice president; Mrs. Sandra Fenderbosch, secretary; Mrs. Henrietta Sardi, treasurer. Mrs. Midge Bernard, outgo-

ing president, reported the school carnival raised \$1,500 which will be spent for gym and playground equipment.

# 'Your Problems' By Ann Landers

## Dad Has Flights Of Fancy

Dear Ann Landers: Last night I almost died of shock. I was cleaning out the storeroom and came across a box of letters. It seems my husband has a heavy correspondence going with Lively-Hearts Club Members and teen-age Pen Pals! He has been responding also to ads placed by homosexuals and couples interested in "Swinging."

Not only did I find letters he has received but the carbon copies of letters he has written. Pictures were attached to some of the letters and the writers thanked him for his picture. One woman said, "You are very handsome." (I wonder whose picture he sent.)

I am very shaken up by this and don't know what to do. My husband is 55 years old. He has never cheated on me that I know of. We've been married 33 years and have a fine family. What does this mean? Shall I confront him with the evidence? Please advise. I am — Worried Sick

Dear W.S.: By all means confront him with the evidence. Since he's always been well-behaved I suspect he is having some little flights into fantasy. Suggest counseling — and go with him to find out why he needs this sort of thing.

### A Commitment

Dear Ann Landers: Last Saturday my seven-year-old daughter had a play-date with a little friend. Lisa was expecting Maureen for lunch and they

were to spend the day together. That very morning Maureen's mother phoned to say her child would rather stay home and watch Sesame Street. I knew Lisa would be disappointed and suggested they watch Sesame Street at our house. Maureen's mother said her child decided she just didn't want to come over and added, "I'm not going to force her."

Lisa was very unhappy and I was burned up. I believe when a child makes a date it should be kept — unless the youngster becomes ill. Some mothers don't agree with me. They feel a child should be free to change his mind and make his own decisions regarding friends. What do YOU think? — Fuming In Florida

Dear Fuming: Once a child makes a date, it is a commitment. A last-minute change in

mood doesn't qualify as a legitimate reason to disappoint a friend.

Lisa's mother should have insisted that her child go — with the understanding that if she didn't want to accept future invitations she didn't have to, but once having said "yes" she was obligated.

### Mud Would Stick

Dear Ann Landers: My husband and I can no longer communicate on this subject. Too many feelings get in the way. Here's the problem.

Bill and Mr. X have been friends since boyhood. In the last few years the friend has become a big wheel in illegal drug traffic. I've been trying to get Bill to stop seeing him. In fact, I'm ill at ease with him and his wife and no longer want to entertain them in our home.

Bill insists that what Mr. X does is no concern of his and he refuses to drop them. This bone of contention is making me ill. What can I do to get Bill to see things my way? Your advice is desperately needed. — H.U.R.T.

Dear H.: Bill will undoubtedly continue to see his boyhood chum no matter what I say, but this I can tell you. If Mr. Dope Dealer is nailed while in the

ANN LANDERS

presence of your husband, his name will be in the papers and the mud will stick for a long time to come.

Discover how to be date bait without falling hook, line and sinker. Ann Landers' booklet, "Dating Do's and Don'ts," will help you be more poised and sure of yourself on dates. Send 50 cents in coin along with a long, stamped, self-addressed envelope with your request to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

## Coloma Story Hour

COLOMA — Story hour for children ages four through eight, and a summer reading club will begin Wednesday, June 18, at the Coloma public library.

Story hour will begin on that date and continue every Wednesday through Aug. 13. Time will be 1:30 to 2:30 p.m., and puppets and flannel graphs will be used to aid in the telling of stories. Registration may be made at the library.

Summer reading club's theme will be "Aquanauts." Certificates for those completing the course will be awarded at a party during the last week of August.

## Erma Bombeck Special Place In Heaven

There is a special place in heaven for people who own pianos or organs... where the sun always shines, the instruments are always in tune, and the keys lock when some hamburger sits down to play Chopsticks.

Children are drawn to an organ or a piano... especially the ones who are lone deaf. My mother owns an organ. I have watched that poor soul deteriorate from an apple-cheeked loving grandmother to a sniveling, watery-eyed troll.

Believe me, it is not easy watching someone you love sit through 100 raggy choruses of "Long, Long Ago" (with drum attachment).

Every Sunday before going to Grandma's, I deliver the same, tired sermon to the kids. "Do not — repeat — do not ask Grandma to let you play her organ. It gets on Grandma's nerves. I know she pretends it doesn't matter, but I watch Grandma while you are thumping on the organ and last week she grabbed a plastic banana off the coffee table and crushed it in her hand. Take something to do... a game, a baseball, or a sedative... but DO NOT PLAY THE ORGAN!"

Grandma meets them at the door with a big hug and the first words out are, "Can we play your organ, Grandma?"

The repertoire is always the same: "Chopsticks" (played

lively); "Heart and Soul" (with another no-talent playing bass), and a pitiful stab at "Love Story" with one finger while the vocalist strains with "How do I begin... begin (higher)... begin (lower)... begin (between the cracks)... ending up eight keys later with the right note.

"They're not the King family, are they?" said mother the other Sunday, knotting her handkerchief and biting on it with her teeth.

"Speak up, mother," I shouted over the din.

"I said they're not the King family."

"Does their playing bother you?" I asked.

"No, why?"

"I saw a commercial once about a grandparent who was crabby when her grandchildren beat on the piano and it was because she was irregular."

"The noise could do that?" she asked.

"I think I have a solution, mother. Give me a week or so."

Last Sunday at mother's no one touched the organ. They watched TV, they played ball, they played cards and they took a walk, but not once did they go near the instrument.

"What did you do?" asked mother. "Threaten them?"

"Nope! Gave them organ lessons with instructions to practice."

## Summer Reading Club

BLOOMINGDALE — The summer reading club at the Bloomingdale public library will begin Monday, June 16, and run through Aug. 16. Mrs. Russell Newcomb, librarian, has announced.

Theme of the club is "Gone Reading" and school age children wishing to participate may sign up at the library during the week of June 16-21.

A craft class for adults, 15 years of age and over, began today and will be held each Friday from 2:30 to 4:30 p.m. at the Bloomingdale town hall. The class, sponsored by the Van Buren County library, will begin with decoupage, and will end with an awards party and free film scheduled for the week of Aug. 18.

## Bookmobile Schedule

Benton Township-Benton Harbor schedule is as follows for week beginning June 16:

Monday, June 16 — Martin-dale school, 9 to 11 a.m.; Hull school, 11:05 a.m. to noon; Blossom Acres, 12:35 to 1:30 p.m.; Plaza Manor, 1:45 to 2:45 p.m.

Tuesday, June 17 — Whirlpool Administration Center, 9 to 11 a.m.; North Shore Estates, 11:05 a.m. to 12:15 p.m.; Rocky Gap Park, 1 to 3 p.m.; Byrte, 3:15 to 4:45 p.m.

Wednesday, June 18 — Broadway Park, 12:30 to 5:30 p.m.

Thursday, June 19 — Fairplain NE, 9 a.m. to noon; Fairplain East, 12:35 to 3:15 p.m.; K-Mart, 3:30 to 4:45 p.m.

Friday, June 20 — Sorter school, 9 a.m. to noon; Pearl school, 1 to 3 p.m.; City of David, 3:15 to 4:45 p.m.

## Dr. Lester Coleman

There is still an attitude among some people that the brain injured child is a hopeless child. This is totally false.

No longer is the brain injured child considered one who should be removed from society. Rather, with proper training and enriched educational opportunities, many of these children can be productive and happy human beings.

They then can learn to live with dignity and be a blessing rather than a burden.

The New York Association for Brain Injured Children is pointing up the accomplishments in medicine and science.

It says the brain injured child can be taught physical and social skills and the techniques for coping with the problems of everyday living.

There are few rewards that are as gratifying as the conversion of such handicapped children into happy, active, courageous youngsters.

Many readers write to inquire about sensitivity groups, T groups and confrontation groups that exist as a new form of psychotherapy.

These groups play an important part in the general structure of behavioral psychology. Great strides have been made in the separation of these behavioral groups from the initial Freudian psychoanalytical approach to emotional problems.

The fundamental aim of these sensitivity groups is to teach

people the art of close relationship between men and women. In these groups, they are freed of the restrictions and limitations imposed by modern society.

Before embarking on a program of study with any of these new sensitivity groups, one should inquire from his doctor, from a psychologist or a psychiatrist about the reliability of a particular group.

For, unless these programs are established and run by well-trained educators and psychologists, they can be enormously expensive, fruitless and even psychologically dangerous.

DR. COLEMAN welcomes letters from readers, and, while he cannot undertake to answer each one, he will use questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Coleman in care of this newspaper.

## Past Matrons To Elect Officers

WATERVLIET — Past Matrons' club of Watervliet Chapter 232, Order of Eastern Star, will meet Tuesday, June 17, at 2:30 p.m. at the home of Mrs. Arnold Mortenson for election of officers.

Co-hostess will be Mrs. Harold Snyder.

Opening lead — 4♠			

By Oswald & James Jacoby  
Some bankers fail to do well at bridge because they think that a trick taken early gains interest. Actually, there are plenty of occasions when refusing to take a trick early will lead to a nice capital gain.

East won the first trick with the jack of spades over dummy's 10 and led back the king, South ruffed with the queen of trumps and West plunked on the king remarking, "No better time and place for it."

He led back a club to his partner's ace. Another spade was led. South ruffed with the ace, drew trumps and claimed the balance.

West had nothing to gain by overruffing that spade. Suppose he just discarded. Later on that king of trumps would score over South's jack or 10. West would put East in with a club. A third spade would be led and there would be no way to keep West's eight of trumps from winning the setting trick.

Incidentally, this type of play is not too unusual. You will be surprised at the number of extra trump tricks you will gather in if you refuse to overruff automatically.

# Milliken Gets 2 Malpractice Bills

LANSING, Mich. (AP) — Lowering medical malpractice insurance premiums by limiting the right to sue is the goal of legislation sent to the governor Thursday.

The House, meanwhile, approved bills permitting year-round bingo at two state fairgrounds and authorizing games of skill for prizes at the same fairs.

The two medical malpractice bills would grant immunity from lawsuits to hospital employees who help patients in "life-threatening" situations and make it illegal to sell medical treatment information.

The two measures approved unanimously by the Senate and overwhelmingly by the House are designed to reduce the opportunity for filing malpractice lawsuits, thus reducing premiums.

The first bill is aimed at protecting from lawsuits hospital staffers who lend a hand to help save a patient's life. But the bill would not protect emergency room personnel who are trained to deal with such cases.

"Gross negligence" also would not be covered.

The second bill would make it illegal to sell medical treatment information. The bill's backers claim that malpractice suits have been started by a hospital employee selling information to a lawyer who persuades a patient to file a suit.

Year-round bingo to bring in extra revenue at the Upper Peninsula State Fairgrounds in Escanaba and at the Michigan State Fairgrounds in Detroit would be permitted under two bills approved by the House, 90-13 and 88-18 with minor amendments in each case, and returned to the Senate.

Games of skill would be permitted, but games of chance such as roulette would be prohibited.

Meanwhile, legislation to toughen up state regulation of "debt management" firms which manage the payments of a person's bills was approved by the Senate 31-0 and sent to the House.

## State Eyeing More Funds For Abused Children

LANSING, Mich. (AP) — The state would protect abused or neglected children 24 hours a day under budget plans to hire 244 additional protective service workers across Michigan.

Despite the recession and the budget crunch, the House Appropriations Committee appeared Thursday to be in favor of a plan to more than double the size of current state funding for protecting children who are victims of frequent beatings or simple neglect.

The current appropriation for protective services is about \$1 million, but the committee is considering raising that to \$2.3 million for the budget year starting July 1.

Combined with federal funds, \$8.1 million would be spent in protecting children in Michigan.

Thirty-seven counties in the

state have 24-hour emergency service with protective service workers on duty to handle child abuse complaints.

All 83 counties could provide the service under the proposed appropriation, said House staff members.

In many counties, the state Social Services Department has the manpower to handle only the neglect cases of children whose parents are on welfare.

The proposed appropriation, say its supporters, would insure that all abused and neglected children, as defined by state law, would receive protection.

Protective service workers counsel the parents as well as the children and in serious cases seek court-ordered protection for a child.

**RESIGNS:** Rep. Lucien Nedzi, D-Mich., announced in Washington Thursday that he is resigning as chairman of the House Intelligence Committee in charge of investigating the CIA. Nedzi, shown in his office, said he is taking the action because an early morning Democratic caucus stripped him of any real power to direct the panel. (AP Wirephoto)

## Education Required

LANSING, Mich. (AP) — Administrators of nursing homes would have to acquire at least 18 hours of education every year under a bill approved Thursday by the State Senate.

The measure, passed, 32-3, returns to the House for agreement in minor amendments. It is intended to improve the quality of nursing home administration.

In addition to the required continuing education, the bill drops a present provision that allows persons to become administrators without passing an examination if they have four years of hospital or nursing home administration experience.

The bill also permits temporary 90-day permits, with possible 30-day extensions, to permit administrators to work while waiting for an examination to be given in their area.

# 'Unnecessary' And 'Inappropriate'

## Dr. Robey Suspension Protested

LANSING, Mich. (AP) — Calling him a fine public servant, two state lawmakers have protested the suspension of the director of the Center for Forensic Psychiatry in Ypsilanti.

In a letter to two Detroit newspapers, Reps. Paul Rosenbaum, D-Battle Creek, and Joyce Symons, D-Allen Park, said Dr. Ames Robey's suspension "is unnecessary and highly inappropriate."

Robey was suspended pending an investigation by the Department of Mental Health into the

release from the forensic center of Gary Addison Taylor. Taylor has been charged with the murder of a Seattle, Wash., woman, and police say he has confessed to killing two women in Michigan and one in Texas.

He is being held in Houston on sex crime charges.

Department officials said the seven-day suspension is not disciplinary. They will decide later whether to fire Robey, extend the suspension or reinstate him.

Robey, meanwhile, called the

suspension "inappropriate and unnecessary."

"I do not feel that the situation with Gary Taylor could have been handled any differently, considering the state of the law and Taylor's lack of mental illness," Robey said.

Taylor was released on an outpatient basis in 1972, and later failed to show up for monthly treatment. He was officially listed as an escapee but no search was mounted for him.

Robey has said there was

nothing in Taylor's behavior at the center which indicated he was criminally insane, and reported instead that his history of problems was related to alcohol. Robey said if Taylor could be kept from drinking, his difficulties might cease.

Taylor's involvement with the law goes back to the early 1960s. He was charged in a series of Royal Oak snipings in the late '60s, but was acquitted by reason of insanity.

Rosenbaum, House Judiciary Committee chairman, and Mrs. Symons, chairwoman of the

Committee on Mental Health, defended Robey's handling of the case. They said it was impossible for one man or a full staff to perform all the duties required by law and the courts.

They praised Robey as "one of the finest public servants" they know, and said Department Director Dr. Donald Smith "is looking for a scapegoat" in the matter.

"It would be a tragic loss to the state of Michigan if Dr. Robey is released from his position," the two lawmakers said.

## Grand Rapids Man Held

GRAND RAPIDS, Mich. (AP)

A man held in Florida for fraud was charged with open murder Thursday in the slaying of a man whose decomposing body was discovered in a Michigan mobile home.

Lt. James Porter of the Kent County Sheriff's Department said the murder warrant was issued for Robert Lee Richardson, 31, of Kent County.

Richardson was jailed Wednesday in Leesburg, Fla., after trying to sell a car belonging to Hendrak Mioduszewski, 48, of Cutlerville, a Grand Rapids suburb.

Fingerprint checks by the State Police Crime Lab positively identified the dead man as Mioduszewski, owner of the trailer. Richardson lived with Mioduszewski for about three weeks but the trailer owner last was seen alive on June 5, Porter added.

An autopsy showed death as caused by a blow upon the head with a blunt instrument, probably a hammer, the lieutenant said. The dead man's hands and feet were bound.

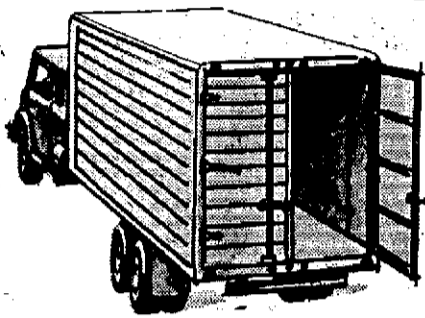

Capt. Charles Graham of the Leesburg police said Richardson was charged with forgery since he signed a bill of sale claiming he owned the car. Police found \$1,925 worth of U.S. Treasury bonds bearing Mioduszewski's name among Richardson's belongings.

Graham said he called Kent County authorities asking them to learn from Mioduszewski how Richardson obtained his car and bonds.

A deputy checking the trailer first thought no one was home.

Hours later, deputies broke open the trailer door after a teletype from Leesburg said it

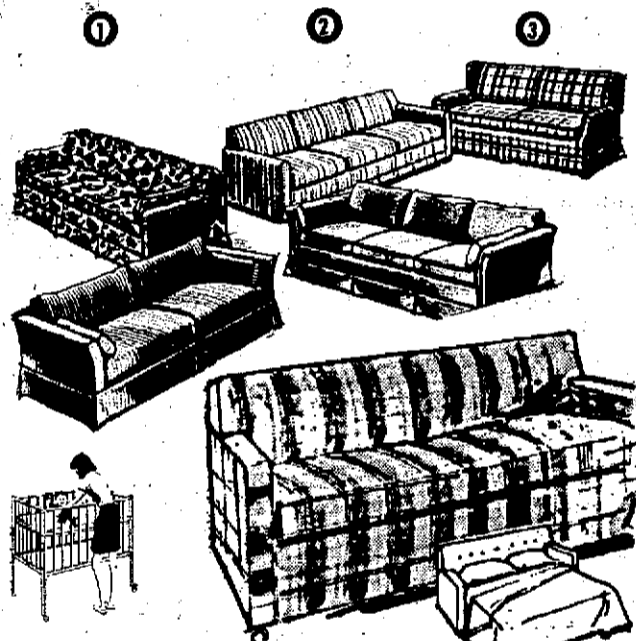

was believed Mioduszewski was beaten to death with a hammer inside his trailer.

## Highway Lawsuits Increase

LANSING, Mich. (AP) — An increasing number of Michigan residents are filing lawsuits over traffic accidents they believe are the fault of the state, highway officials report. State officials say 19 suits asking \$53 million in damages have been filed since April 1. In the last 18 months, the state has paid out \$2.5 million to settle six suits. "They sue for all kinds of reasons," said Max Clyde, assistant deputy director in the state Department of Highways and Transportation. "Sometimes the lawyers include a laundry list of faults, hoping one of them will stick. Settlements of more than \$100 must be approved by the Court of Claims. Some are settled by negotiation, but a clear liability must be shown before public money can be used to pay damages. Lawmakers have introduced two bills to limit the state's liability. One would restrict suits to the roadway, eliminating guard rails and abutments, and the other would specify a certain tread depth for car tires.

# Arraign 15 Suspects In Cass Drug Raids

CASSOPOLIS — Fifteen of 21 persons arrested in a series of dawn drug raids in Cass county Tuesday have been arraigned in Fourth District court here, according to court officials.

The remaining six arrested in the raids throughout the county will be arraigned at a later date, the court officials reported.

Arraigned Tuesday on misdemeanor charges of pharmacy law violation were Mark Johnson, 23, route 2, Dowagiac,

Mickey Lundy

Dan Lemunyon

Terry Lemunyon

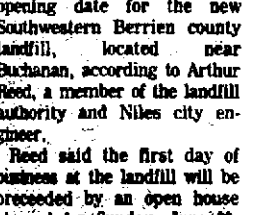

Kathy Lowery

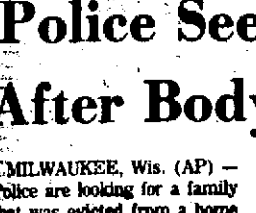

Tim Forbes

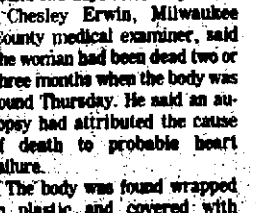

John Clendenen

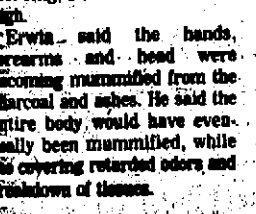

Nancy Houston

Mark Johnson

Fred Carpenter

Craig Black

and David Starrett, 25, 105 Commercial, Dowagiac. Both pleaded innocent and bond was set at \$100. No trial date was set.

Court officials said 12 of the remaining 13 people arraigned had bond set before KSteg J. Lignell and all are scheduled to return to court on June 17 to either demand or waive preliminary examination.

The 13th, Charles Spaulding, 21, Cassopolis, charged with delivery of PCP, was represented by an attorney during Tuesday's arraignment and demanded preliminary examination. No date was set. Bond was set at \$500.

The 12 and the charges against them were: Larry Edington, 23, 513 West Railroad, Dowagiac, two counts of delivery of marijuana, \$250 bond on each count; Thomas Roberts, 22, Cassopolis, delivery of LSD and delivery of amphetamines, \$250 bond each;

Brian Miller

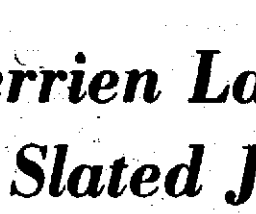

Donald Howard

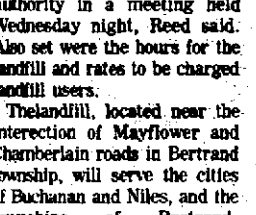

Michael Caruso

Charles Spaulding

David Starrett

Terrence Davis

John Clendenen, 25, 427 Division street, Dowagiac, delivery of marijuana, \$500 bond, requested court-appointed attorney; Nancy Houston, 20, 103 Gideon, Dowagiac, delivery of LSD, \$500 bond, requested court-appointed attorney; Kathy Lowery, 20, route 3, Dowagiac, delivery of marijuana and delivery of LSD, \$250 bond each, requested court-appointed attorney, and Terrence Davis, 21, Jones, delivery of marijuana, \$500 bond.

Also Mickey Lundy, 24, Indian Hills apartments, Dowagiac, delivery of marijuana, \$500 bond; Fred Carpenter, 24, 300 Brush road, Dowagiac, delivery of marijuana, \$500 bond, requested court-appointed attorney; Craig Black, 19, route 5, Dowagiac, delivery of marijuana, \$500 bond; Kenneth Miller, 19, 512 Spruce, Dowagiac, delivery of marijuana, \$500 bond; Michael Caruso, 24, box 118, Dowagiac, delivery of marijuana, \$500 bond, and Greg Joy, 19, Granger, Ind., delivery of marijuana, \$500 bond.

Brian Miller, 19, Elkhart, Ind., and Donald Howard, 20, route 1, Edwardsburg, both charged with misdemeanor counts of possession of marijuana, have not yet been arraigned in district court. Bond has been set at \$100 for each by Judge Lignell.

Also yet to be arraigned are four men arrested at a Calvin township residence on charges of possession of marijuana. They are Jan, 22, Dan, 25, and Terry, 27, Lemunyon, all of route 3, Cassopolis, and Tim Forbes, 25, Elkhart, Ind. During a raid at the Lemunyon residence federal alcohol, tobacco and firearms agents destroyed some 100 gallons of alleged homemade beer and a refrigerator federal agents said was used to cook the alleged intoxicants.

Contacted yesterday, the federal attorney's office in Grand Rapids said warrants had not been authorized against the four men in connection with the alleged manufacturing.

The Cass county sheriff's department said yesterday that all but two of the 21 arrested had posted bond and were released. Two were held in the jail for parole violation, the department reported. They were Carpenter and Miss Lowery.

The sheriff's department reported that 32 warrants were issued and that no additional arrests have been made since Tuesday's raids.

## South Berrien Landfill Opening Slated June 23

BUCHANAN — Monday, June 23, has been set as the opening date for the new Southwestern Berrien county landfill, located near Buchanan, according to Arthur Reed, a member of the landfill authority and Niles city engineer.

Reed said the first day of business at the landfill will be preceded by an open house planned for Sunday, June 22, from 2 to 4 p.m.

The opening date was set by the 10-member landfill authority in a meeting held Wednesday night, Reed said. Also set were the hours for the landfill and rates to be charged landfill users.

The landfill, located near the intersection of Mayflower and Chamberlain roads in Bertrand township, will serve the cities of Buchanan and Niles, and the townships of Bertrand, Buchanan and Niles, Reed said.

Hours will be from 8 a.m. to 5 p.m., Monday through Friday, and 8 a.m. to noon on Saturdays.

Reed said that landfills currently operated by three of the five units will be closed on June 23. Ordinances approved by all of the units requires that all garbage and trash collected in the area must be dumped at the landfill.

Rates to be charged landfill users are:

Cars, 30 cents to \$1; pickup trucks without side gates, \$1 to \$2; two-wheel trailers, \$1 to \$2, and all larger loads, loose or compacted, 65 cents per cubic yard.

Reed said that large appliances, such as stoves and refrigerators, dumped at the landfill will be charged an additional 35 cents per appliance, besides the rate levied on the vehicle used to haul them. He added that commercial trash haulers will be charged 65 cents per cubic yard for the full capacity of the truck, regardless of the size of the load.

## Police Seek Family After Body Found

MILWAUKEE, Wis. (AP) — Police are looking for a family that was evicted from a home where the partially mummified body of an elderly woman was found two days after they left.

Chesley Erwin, Milwaukee County medical examiner, said the woman had been dead two or three months when the body was found Thursday. He said an autopsy had attributed the cause of death to probable heart failure.

The body was found wrapped in plastic and covered with charcoal and ashes in an uncovered wooden box that was 5 feet long, 2 feet wide and 2 feet high.

Erwin said the hands, feet and head were becoming mummified from the charcoal and ashes. He said the entire body would have eventually been mummified, while the covering retarded odors and breakdown of tissues.

Neighbors said an elderly woman had lived at the home but had not been seen for several months.

On Tuesday, sheriff's deputies evicted Shirley Weinberg and her two children, Craig and Gail, both 20, from the first-floor flat. The family protested the eviction, which was ordered when they refused to let workmen inside to make repairs.

# Michigan Invokes Old Law

DETROIT (AP) — The State of Michigan has invoked a 40-year-old law and is suing a Southern Michigan Prison inmate to recover \$8,700 it has spent to keep him behind bars.

The suit contends convicted hit man Donald Crenshaw has inherited half his mother's estimated \$50,000 estate and is financially able to reimburse the state the money it spent to keep him in jail.

A hearing was set for Friday before Wayne County Circuit Judge Harry Dingman on whether Crenshaw should be ordered to pay for his cell and board at the prison.

State Treasurer Allison Greene and Atty. Gen. Frank Kelley filed the suit against Crenshaw, who was convicted in the attempted hired killing of a Plymouth insurance man in 1972.

Crenshaw's attorney, Peter Barbara, said the suit was discriminatory and is "being resurrected by the attorney general to torment Crenshaw."

The state will ask at the Friday hearing that a guardian be appointed for Crenshaw's estate and that the guardian then be required to appear in court to hear the state's claim for Crenshaw's room and board.

The suit came just eight months after the State Court of Appeals handed down a controversial decision which allowed Crenshaw to pay for an appeal of his conviction with the \$3,000 he was allegedly paid for the attempted assassination.

Crenshaw, a Bloomfield Township engineer, was convicted of shooting Charles P. Finlan five times as Finlan was leaving his office March 31, 1972. Finlan survived the attack but was permanently paralyzed from the waist down.

The new action against Crenshaw stems from a little used 1935 law which provides that a court can order a prisoner to reimburse authorities the cost of his room and board while he is behind bars.

State officials said the daily cost of keeping a prisoner at Southern Michigan Prison is about \$12.33.

# State Gets Advance In Funds

LANSING, Mich. (AP) — Michigan got a \$51 million advance from the federal government Wednesday to keep unemployment checks rolling out.

Gov. William Milliken said the cash advance from the Federal Unemployment Trust Fund was Michigan's second grant and is needed to guarantee uninterrupted unemployment compensation benefits to laidoff workers.

Michigan now has received \$81 million in advances from Uncle Sam. Milliken said the state expects to borrow \$600 million in monthly installments to cover benefits for the rest of the year. The debt is expected to exceed \$1 billion by the end of 1976, he said.

Milliken was informed of the latest advance in a letter from William H. Kolberg, assistant secretary of labor. The next step, a Milliken spokesman said, is for Treasury Secretary William Simon to notify the Michigan Employment Security Commission the money is in the state's account.

# Panel Members Say CIA Plot Details Sketchy

WASHINGTON (AP) — Members of the House intelligence committee say they were told sketchy details of CIA involvement in an assassination plot against the late Dominican Republic President Rafael Trujillo, but some members were uncertain whether that was the plot that ultimately led to the dictator's murder.

Only one of five members interviewed said Thursday that a very brief report to the panel last week would support a statement by Rep. James V. Stanton, D-Ohio, that the CIA was involved in the successful assassination of a foreign leader.

Rep. Ronald V. Dellums, D-Calif., contending that what the panel was told about the 1961 Trujillo assassination would support Stanton's statement, said Trujillo's killing "could be traced to actions that were taken by the CIA."

He declined to give details, and Stanton refused to say whether he knows more than the committee was told in a secret session last week or whether he in fact is referring to the Trujillo assassination.

Trujillo, a long-time dictator of the Dominican Republic, was shot down by assassins as he drove outside Santo Domingo. Former CIA agent Philip B. Agee, in his book "Inside the Company," quotes a former CIA official as saying the agency was "deeply involved in planning the assassination, which was done by Cuban exiles from Miami using weapons we sent

through a diplomatic pouch." But another member of the House panel, Rep. Michael Harrington, D-Mass., said that if Stanton's statement is based on what the committee was told last week "it cannot be supported."

Without giving details, Harrington said the committee was told of a litany of past misdeeds uncovered by the CIA itself in a housecleaning investigation in 1973.

Harrington said the account to the committee was so sketchy that "no conclusions could be drawn from any of it."

Both Dellums and Harrington responded only to the question of whether the briefing last Thursday would support Stanton's statement. They declined to give details of what was said. But three other members commented to varying extents on condition they not be quoted.

One recalled a reference to a CIA role in two assassination plots "but it was not at all clear to me that either one of them resulted in an assassination." He refused to say whom the plots were against.

Another member said the committee was told of CIA involvement in "schemes and plots" to assassinate a Western hemisphere leader.

Asked if he was talking about Trujillo, the member replied, "You said that, I didn't."

One member said the briefing lasted about three minutes and was given by a committee attorney on the basis of information he had seen at CIA headquarters.

Meanwhile, there were these developments: —American industrialist Edward Lamb said he witnessed an assassination attempt on Fidel Castro in 1968 during a trip to Cuba and that Castro's personal physician later said the would-be assassin had admitted he was working for the CIA.

Lamb said he and Castro were riding at the head of a jeep convoy when they came within 30 feet of two Cuban soldiers at a parked jeep. Lamb said one of the soldiers fired a machine gun at Castro's jeep but missed when the second soldier "smothered" him to the ground.

Lamb, 74, of Toledo, Ohio, said he was visiting Cuba at the time to give advice on how to manage agricultural projects.

**SURROUNDED BY SUPPORTERS:** Indian Prime Minister Indira Gandhi greets members of parliament who came to her residence in New Delhi, Thursday, in efforts to urge her to remain in office despite being convicted of using corrupt practices to win her parliamentary seat. Mrs. Gandhi refused to resign and sent word through her aides that she would fight the conviction. (AP Wirephoto)

# Another Loss For Gandhi

NEW DELHI, India (AP) — Leaders of Prime Minister Indira Gandhi's Congress party today began organizing public support for her decision to remain in office despite her conviction of election law violations.

However, Mrs. Gandhi's political stock was depressed further by the announcement of a decisive defeat for her Congress party in the election of a new legislature in Gujarat state. The party won 140 of the 168 seats in the legislature three years ago, and she campaigned vigorously for Congress candidates this year. But her party won only 74 seats to 86 won by a coalition headed by 79-year-old Morarji Desai, a foe of Mrs. Gandhi since they battled for control of the Congress party in 1969 and split the party.

The voting took place last Sunday and Wednesday, before

Judge Jag Mohanlal Sinha found Mrs. Gandhi guilty on Thursday of illegally using government officials in her 1971 campaign for Parliament and banned her from holding public office for six years.

Judge Sinha stayed the sentence for 20 days to allow the prime minister to appeal, and she was expected to ask the Supreme Court to extend the stay until the appeal was decided. Her political foes demanded that she resign at once, but Mrs. Gandhi announced that she would await the verdict of the highest court.

Her lawyers announced that they would need a few days to study Judge Sinha's opinion before filing the appeal. Meanwhile, Congress party officials said demonstrations and other special meetings were being organized throughout the

country to support Mrs. Gandhi. In New Delhi, buses from the government's transport service and trucks from the municipal corporation carried persons to Mrs. Gandhi's residence for a

rally in her behalf. Opposition leaders charged that Mrs. Gandhi was continuing to use government officials and facilities to further her personal political ends.

# Mayaguez Island Falls

WASHINGTON (AP) — The island near where Cambodian forces seized the Mayaguez was captured this week by Vietnamese troops in fighting between the two recent Communist victors in Indochina, U.S. intelligence sources say.

The battle was fought for Poulo Wai, a tiny rock island in the Gulf of Thailand some 60 miles from the Cambodian coast, the sources say.

The U.S. cargo ship Mayaguez was fired on and captured by a Cambodian gunboat off that same island May 12 while the freighter was en route to Thailand. At the time, the Cambodians claimed the ship was in Cambodian waters because it was several miles off

the island. That seizure triggered a three-day crisis which culminated in U.S. recovery of the ship and its crew.

Intelligence sources say Vietnamese troops landed by boat on Poulo Wai the night of June 10. This island has been claimed in the past by both Cambodia and Vietnam.

Khmer Rouge soldiers resisted their one-time allies and fighting continued until the Vietnamese troops overran the Cambodians and took control of the island, these sources say.

There was no word on the size of the contending forces or of the extent of any casualties. The intelligence sources would not say how they learned of the battle. But it is believed that

U.S. planes have been keeping watch on that area since the Mayaguez episode to guard against a repetition with other American ships sailing those waters.

The fight for Poulo Wai Island came only six weeks after the end of the Indochina war which saw Communist regimes topple U.S.-backed governments in South Vietnam and Cambodia.

The Communist North Vietnamese gave strong support to the Khmer Rouge during the five-year effort by the Cambodian Communist insurgents to gain control of their country.

However, there have been traditional differences between the Vietnamese, and Cambodian peoples, and some U.S. officials

think these may be surfacing again.

Apart from this, officials say the possibility of oil beneath the Gulf of Thailand has intensified disputes over islands and seaward boundaries. Cambodia is quarreling with Thailand about their common boundary, and U.S. officials say the issue of offshore rights is also involved in that dispute.

Intelligence specialists say the Cambodians have seized a number of Thai fishing boats inside their claimed 12-mile coastal waters since the Mayaguez incident.

# Committee Would Probe The Future Of Michigan

LANSING (AP) — Legislation creating a 21-member commission to study Michigan's future has been introduced in the state Senate.

The bill, sponsored by Sen. Gilbert Bursley, R-Ann Arbor, is designed to establish population trends for the rest of the century. The commission would recommend legislation to deal with people's needs for that time.

"Planning and acting now on future needs of Michigan citizens — based on who and where they are — should be the highest continuing legislative priority," Bursley said. "The legislature needs greater focus on long-range problems as a counterbalance to the annual

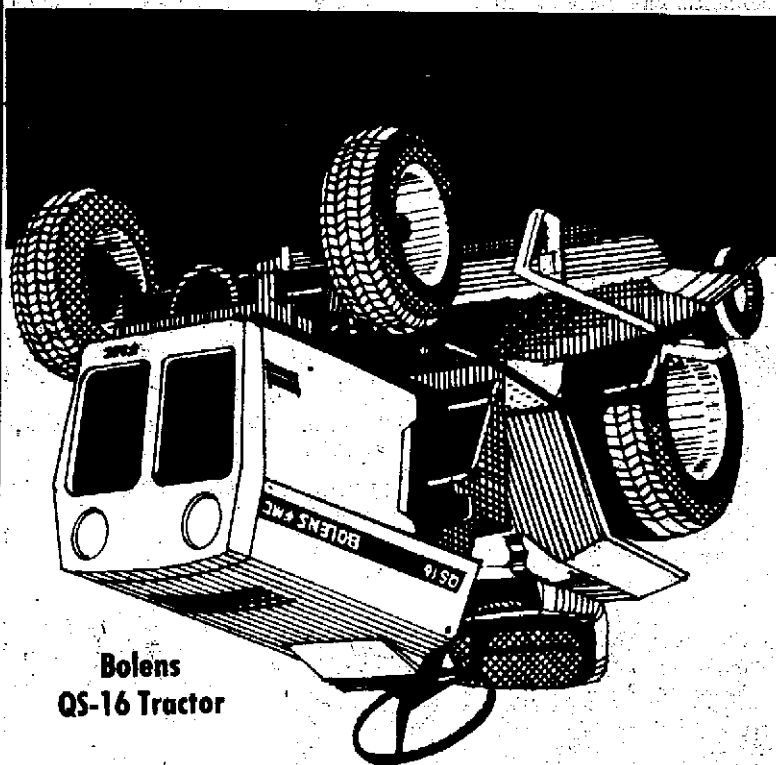

appropriations syndrome, which demands full attention to immediate problems."

In a related matter, the Senate Business Committee on Thursday rebuffed a proposed committee to do the same thing.

The committee postponed action on a resolution sponsored by Rep. Stephen Monsma, D-Grand Rapids, which would have set up a special legislative committee to study the future and report back next year.

Business Committee members indicated they believed a legislative committee would not have the time or resources to conduct a good study, and supported Bursley's idea instead.

# ANYWAY YOU LOOK AT IT, YOU CAN'T BEAT BOLENS!

# Carpeting Needed And Was 'Bargain'

LANSING, Mich. (AP) — There's no coverup in the way House Clerk Thomas Thatcher got his Capitol office recarpeted.

Thatcher beat reporters to the punch by issuing a short news release about his new, heavy-duty, mottled blue carpet.

Cost: \$8 a square yard. That works out to \$368.

What the release didn't say is that the price was lowered from \$8.35 a square yard when Thatcher and various House janitors and sergeants at arms agreed to move the furniture themselves rather than have carpet men do it.

The release also was too short to note the previous carpet was about seven years old and so badly frayed that House Speaker Bobby Crim, D-Davison, almost tripped over it one day.

Newsman who have been searching the fine print in state expense records for months to uncover legislative self-spending said they hadn't seen anything like Thatcher's release in recent history. Some lawmakers, especially senators, have been criticized for having \$14-a-yard carpeting put in their offices.

"I thought that ought to make the headlines," laughed Thatcher, 68, who was a state representative in 1933-36, House Clerk from 1937 to 1938 and clerk again since 1965. "I did it just because there is so much talk about carpeting around there."

"There are a lot of things that can be criticized around here but it is the small things that get picked out that catch the public eye."

Thatcher got a "thumbs down" the first time he asked for a new carpet from Rep. Ray Kehres, D-Monroe, who monitors House spending for Speaker Crim.

Then, several weeks ago, Crim noticed the tattered carpet and asked Thatcher when he was going to get something more presentable. Thatcher told him Kehres turned him down and then, apparently, Crim talked to Kehres.

Thatcher picked out \$8.35-a-yard carpeting but later was informed he could spend no more than \$8.

That's when the janitors and sergeants stepped in and lugged furniture around to save a total of \$16.10 on the 46 yards of carpeting.

## TODAY In History

By ASSOCIATED PRESS

Today is Friday, June 13, the 164th day of 1975. There are 201 days left in the year.

Today's highlight in history:

On this date in 1956, Britain turned the Suez Canal over to Egypt after having operated the waterway for 74 years.

On this date —

In 1502, Christopher Columbus sighted the West Indian island of Martinique.

In 1841, the first Canadian parliament opened in Ottawa.

In 1917, Gen. John Pershing and his headquarters arrived in Paris in World War One.

In 1940, Paris was declared an open city in World War II.

In 1942, the U.S. Office of War Information was created, with broacaster and writer Elmer Davis as director.

In 1967, Thurgood Marshall was named as the first black on the U.S. Supreme Court.

Ten years ago: A new military government was being formed in South Vietnam after removal of Premier Phan Huy Quat.

Five years ago: The government of Brazil agreed to ransom the kidnapped West German ambassador by freeing 40 political prisoners.

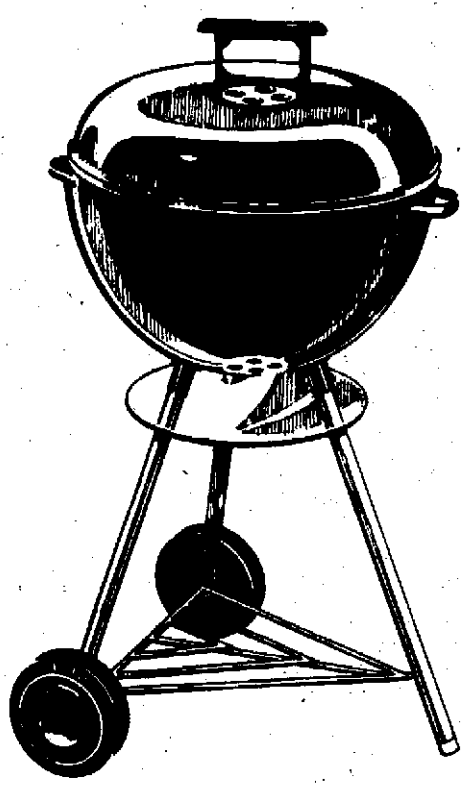

One year ago: The army in the Republic of Yemen seized power in a bloodless coup.

Today's birthday: Former football star Red Grange is 72.

Thought for today: Whoso diggeth a pit shall fall therein — the Book of Proverbs.

GAP CLOSING  
LOS ANGELES (AP) — America's world leadership in basic scientific research is dwindling to the point that the nation faces a future technology gap, RCA chairman Robert Sarnoff said today.

## Eleven Arrested In Gaming Raid At Home In BH

Eleven people were arrested yesterday in a combined police raid on a Benton Harbor home in connection with an alleged policy wheel gambling operation that reportedly took bets from Benton Harbor to South Haven.

Officers of the state police intelligence unit, the Benton Harbor post and Berrien sheriff's department raided a home at 145 Apple avenue, Benton Harbor, where all the arrests were made. The raiders then searched another home at 193 Orchard drive, Benton township, where some gambling equipment was seized.

Six of those arrested were booked at the Berrien jail on felony charges of conspiracy to violate state gambling laws. They were: Frank Calhoun, 35, of 193 Orchard drive, Benton township; Alfred McGee Jr., 27, of 145 Apple; Theodore Turner, 40, of Main street, Covert; Josh McKinney, 46, of 615 Rosehill road, Berrien Springs; Leslie Richmond, 45, of 870 Monroe street, Benton Harbor; and Deloris Edwards, 22, of 193 Orchard, Benton township.

The other five, all women, were arrested on misdemeanor charges of frequenting a gambling establishment. They were: Virginia Holloway, 27, and Irma Peterson, 29, both of 145 Apple; Peggy Golliday, 32, of 788 Pipestone street; Doris Payne, 55, of 1011 Lavette street; and Cora McDonald, 38, of 878 Pavone street, all of Benton Harbor. They all posted \$100 bonds.

State police said warrants for the two homes were authorized

by the prosecutor's office and signed by Fifth District Judge John T. Hammond. All the arrests were made at the Apple avenue home and assorted gambling equipment including a policy wheel, betting and policy slips were obtained from both homes.

Police also confiscated \$2,000 in cash and a .38 caliber revolver in the raid.

It was the second time in two weeks a policy gambling operation has been uncovered. Benton Harbor police made two arrests for a smaller-scale policy game.

### BERRIEN COURT

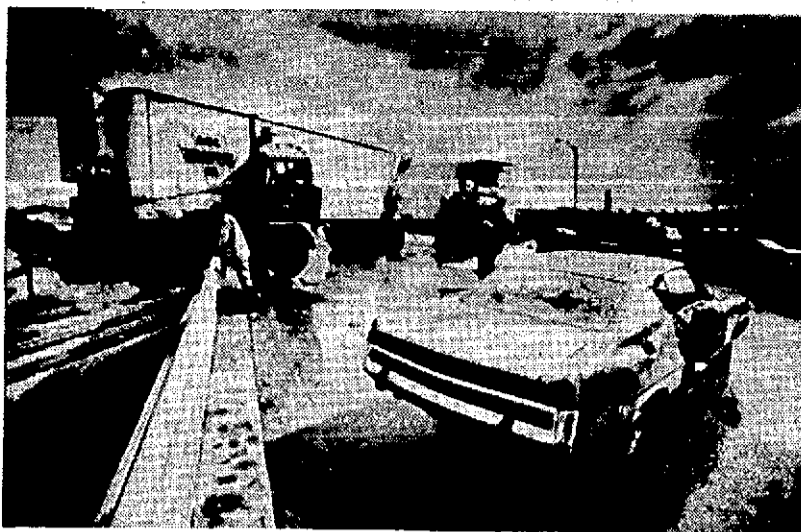

## Warrants Name Two Doctors

Bench warrants were issued against two doctors yesterday because they failed to appear as witnesses at a preliminary examination in Berrien Fifth District court.

Bench warrants are out for Dr. G.R. Nagpal, Benton Harbor pediatrician, and Dr. Naim Koyman, Portage neurological surgeon, according to Asst. Prosecutor Sally Zack.

Miss Zack asked a District court judge to issue the warrants charging failure to appear at the proceeding after a preliminary examination had to be adjourned because of the absence of the two doctors, whose testimony was needed, she said.

Before issuing the warrants

**BRINKMANSHIP:** A Chicago truck driver, Raymond Williams, left everything hanging Thursday after his truck jackknifed on wet Interstate 94 on Milwaukee's South Side. The vehicle struck the car in the foreground, and another truck struck the rear of Williams' trailer. There was only one minor injury in the mess, which closed the expressway for almost four hours. (AP Wirephoto)

## OBITUARIES

### Johnson Infant

April Kay Johnson, infant daughter of Cynthia Johnson, 518 Whitcomb Court, Benton Harbor, died Thursday afternoon at Bronson hospital, Kalamazoo, where she was transferred from Mercy hospital shortly after birth May 21.

In addition to her mother, survivors include a brother, Leonard, and grandparents, Mr. and Mrs. L.C. Williams of Benton Harbor.

Funeral arrangements were incomplete this morning at the Finch funeral home.

### Earl Kayser

**DOWAGIAC** — Earl Floyd Kayser, 88, of route 7, Dowagiac, died Thursday afternoon at Pawling hospital.

A resident of Dowagiac most of his life, he was a well-known building contractor until his retirement in 1962.

His wife, Dessi Knust Kayser, preceded him in death. He is survived by three daughters, Mrs. Vesta Langley, Mrs. Dorothy Mullen, Mrs. Helen Leich, all of Dowagiac, and a foster daughter, Mrs. Marjorie Kimball, Kalamazoo.

He was a former Dowagiac city councilman and a member of Dowagiac Elks 889.

Funeral services will be held

Saturday, at 1 p.m., at Groner funeral home. Burial will be in Riverside cemetery. Friends may call at the funeral home today. Memorials may be made to Lee Memorial hospital building fund.

### Joseph Jopek, Sr.

**THREE OAKS** — Joseph J. Jopek, Sr., 65, of 13721 Peach avenue, Harbert, died Thursday morning at his home after suffering an apparent heart attack.

He was retired from Penn Central railroad and had lived in Harbert for 6 years, coming from Chicago.

Survivors include his wife, the former Florence Dolen; four sons, Joseph, Jr., Antigo, Wis.; James, Crestwood, Ill.; Patrick, Clarendon Hills, Ill.; Thomas, Tinley Park, Ill.; a brother, Al, of Chicago; and two sisters, Mrs. Rose Newman, Westmont, Ill.; Mrs. Mary Fisher, Chicago.

Graveside services will be held Saturday, at 2 p.m., at Lakeside cemetery. Friends may call at Connelly-Noble funeral home, Three Oaks, until the hour of service.

### Mrs. Karin Carlson

**BRIDGMAN** — Mrs. Karin Carlson, 90, Shorewood Hills, Sawyer, died Thursday evening at Mercy hospital.

Funeral arrangements are incomplete at Boyd funeral home, Bridgman.

### Elmer Russell

**BLOOMINGDALE** — Elmer Russell, 87, route 1, Bloomingdale, died Thursday afternoon in Bethany Nursing Home, Bloomingdale.

He was a veteran of World War I.

He is survived by several nieces and nephews.

Funeral services will be held at 3:30 p.m. Saturday in the Bloomingdale chapel of Robbins funeral home.

Burial will be in Pearson cemetery, Bloomingdale.

### Mrs. Mary Moyer

**BERRIEN SPRINGS** — Mrs. Mary M. Moyer, 78, of 1619 Oak street, Niles, died Thursday morning at Dor-A-Lin nursing home, Niles.

Her husband, Ralph, preceded her in death. She is survived by two sons, Howard, Indianapolis, Ind.; Walter, Niles; a daughter, Mrs. Stanley Kelly, Niles; three brothers, Herbert, Louis, and Charles Merrill, all of Baldwin, Mich.; and a sister, Mrs. Sadie Villwock, Baldwin, Mich.

Funeral services will be held Saturday, at 9:30 a.m., at McLaughlin funeral home, Berrien Springs, with burial in Mission Hills cemetery. Friends may call at the funeral home this evening after 6 p.m., and until the hour of service Saturday.

The committee also urged "prompt and reasonable action on rate applications."

## State Judicial Panel Begins Del Rio Probe

**DETROIT (AP)** — The Michigan Judicial Tenure Commission went ahead today with its inquiry into the judicial conduct of Detroit Recorder's Court Judge James Del Rio.

The nine-member commission is composed of an equal number of judges, lawyers and citizens. If it finds Del Rio guilty of any wrongdoing, it can recommend a penalty ranging from a reprimand to removal from the bench.

The commission has to submit its findings to the Michigan Supreme Court which has the final say.

Spokesmen for the commission said that while its work traditionally is conducted in secrecy, they felt the public should be informed of the current inquiry.

Del Rio commented, "They investigate everybody, so what? They are required to investigate a judge who has had a complaint filed against him. The Tenure Commission is only doing its job."

The Detroit News said today that one source told it that some of the allegations against Del Rio are "new, dynamic and devastating."

Del Rio, who served in the legislature from 1965 to 1972, was elected to the bench in November, 1972. His 30 months on the court have been marked with numerous verbal battles with police and aides of the Wayne County Prosecutor. On one occasion, Del Rio offered to take off his judicial robes and do battle with an attorney with whom he disagreed. He also said he carried a handgun under his robe on occasion in his courtroom.

One of the charges leveled against him in the past was that he occasionally took reduced pleas from defendants without the police or prosecution being notified of what he was doing.

Del Rio, 51, married and divorced three times, reportedly did not practice law until he was elected to the bench.

Only this week, Del Rio said he had received anonymous

calls threatening to kill him if Chester Wheeler Campbell, an accused underworld hit man on trial before him, is acquitted.

A day later, Milton Henry, a prominent black lawyer in Detroit, said he had been told the Detroit Police Officers Association (DPOA) was planning to kill the judge. DPOA officials called the report ridiculous and said Henry and Judge Del Rio were trying to get some publicity.

The tenure commission acted shortly after those two incidents became public.

**KILLED:** Fernando Herrero Tejedor, secretary-general of the Movement, the only official political organization allowed in Spain, was killed Thursday in a car-truck crash, authorities reported in Madrid, Spain. He was 54. (AP Wirephoto)

### POLICE ROUNDUP

## Benton Man Held On Drunk Charge

Benton township police arrested a Benton Harbor man early Thursday morning on a charge of drunk and disorderly after he was found sleeping in a mobile home that didn't belong to him.

The man was identified as Robert L. Trousdale, 32, of 981 Pipestone street. The owner of the mobile home on Crystal avenue told police she heard a noise in the living room at about 3 a.m. and found a man asleep on her couch.

Police were at a loss to explain how he got into the home. There were no signs of forced entry and the trailer owner said she always keeps the doors locked.

Stereo equipment was the target of thieves in two incidents reported to Benton township police Thursday.

Don Sterling, 211 Frederick

street, Benton Harbor, told police a built-in stereo tape player, valued at \$400, was ripped out of the dashboard of his car, doing considerable damage to the dash area.

Johnny Rutherford, 690 North Pike road, said a stereo unit and television set, valued at about \$320, was stolen from his home.

An engine and accessories from an asparagus picker were reported stolen to Berrien sheriff's deputies.

Herbert Nitz, 7945 Lincoln avenue, Baroda, said the items were taken while the machine was parked in a field.

Jimmie Cross, 559 Buss avenue, told Benton Harbor police a .25 caliber semi-automatic pistol, valued at \$55, was stolen from the car wash he runs at 746 East Main street.

## Two Ask Hearings On Fraud Charges

(Continued From Page One)

Berrien District judges. And Smietanka has turned prosecution over to Kent County Prosecutor Harold S. Sawyer, who will serve as special prosecutor in the cases.

Lanphear is a well-known Sault Ste. Marie resident. He resigned this week from a five-member committee of citizens appointed by the town's mayor to investigate internal problems in the Sault Ste. Marie police department.

He has a full-time job with Lake Superior State college in the law enforcement program. He has served as chairman of one of the largest snowmobile races in North America, the 1500 at Sault Ste. Marie, and he owns a small resort five miles out of town, sources say.

Warrants against the three men allege the conspiracy to

fraudulently obtain money from the St. Joseph electrical company occurred from June of 1974 until January of 1975.

Each face three counts of conspiracy to obtain over \$100 under false pretenses.

Specifically, they allegedly conspired to obtain, using "false" documents, \$11,672 for two outdoor circuit breakers; \$6,000 for 200 mercury vapor lights and \$6,400 for one outdoor circuit breaker.

McCoy, arraigned Monday, is free on \$1,000 personal recognizance bond. A former Benton township justice of the peace and trustee, McCoy was an unsuccessful candidate for the Berrien prosecutor in 1964.

Lanphear retired from the state police this year as commander of the Sault Ste. Marie post after a career of 29 years with the state police.

### BERRIEN SPRINGS

## Suggest Junior High Be Community Center

**BERRIEN SPRINGS** — A suggestion that the old junior high school building here be converted into a community center was made to the Berrien Springs school board last night.

The suggestion came from Mrs. Betty Wren who told the board that some use could be made of the old building that has been vacated by the school. The school moved students out of the building into new, \$2.4 million quarters this spring.

School board members suggested Mrs. Wren contact other community residents sharing her sentiments and report back to the board in 30 days with some specific plans.

The Berrien county Historical association has suggested that the building be razed so as not to become an eyesore.

The historical association owns the 1839 county courthouse it is renovating directly across the street from the old junior high building.

Also last night, the board established four new teaching or administrative positions. Established were positions of teacher of emotionally impaired, special education coord-

inator, middle school guidance counselor and science teacher.

The board said it is considering Sept. 21 or Sept. 28 as an open house date for the new middle school building.

The board also accepted the resignation of Joseph Jachim, the school's industrial arts and reading teacher for the past 18½ years.

## Osteopath Is Sued By BH Woman

A Benton Harbor woman has filed a malpractice suit in Berrien circuit court against a Benton Harbor doctor, claiming two pieces of wire were left inside her after surgery.

The plaintiff, Beverly Jean Lewis, seeks \$100,000 damages stemming from a June 13, 1973, gall stone operation.

Named defendant, and identified as the surgeon who performed the operation, was Dr. Max Allen, Jr., osteopath whose office is located at 599 East Main street.

Mrs. Lewis claims the wire has aggravated her ailment.

In another suit, the father of a man who was killed in March when a car hit a motorcycle the son was driving filed suit against the driver of the car.

The plaintiff, Melvin Hall, of 145 Reeder street, Benton township, seeks \$36,500 as a result of a March 16 crash on Coloma road in Coloma township which killed his son, Melvin, Jr., of the same address. In that same accident, the younger Hall's wife, Linda, and a friend on another motorcycle, Timothy Doolen, were also killed.

Named defendant was Terry Rose Newnum, of Watervliet, driver of the car which allegedly crossed the center line and struck the motorcycles head-on.

The suit claims the Newnum woman was driving under the influence of intoxicants, and seeks the \$36,500 sum for loss of companionship and services to the parents, plus funeral expenses.

## Two ADC Dads Given Probation

Two Benton Harbor fathers owing nearly \$9,000 in back child support for four children on ADC got probationary sentences this week in Berrien circuit court.

According to the friend of the court's office:

Harvey Alexander, Jr., of 1008 Bess avenue, was found in contempt on court and placed on three years probation by Judge Chester J. Byrns for \$4,063 arrears for three children on ADC. Byrns ordered Alexander to find work in 30 days or spend

six months in jail, and ordered him to sign a wage assignment if he does find work for \$15 weekly child support and \$5 weekly towards the arrearage.

Stuart Raines, of 326 South McCord street, was found in contempt and given two years probation by Judge William S. White for \$4,861 arrears for one child on ADC. White also ordered Raines to sign a wage assignment of \$20 per week towards the arrearage, but reserved an order for child support payments.

## Tax Break Offered For Power Plants

(Continued From Page One)

by estimating that at the end of last year utilities had postponed or canceled the building of 106 nuclear power plants and 129 coal-fired plants.

It said this "jeopardizes our national objective of lesser dependence on imported oil, threatens economic growth and is likely to counter efforts to reduce high unemployment."

Among the panel's other recommendations were these: —Depreciation for tax purposes on utility construction spending as it occurs, provided such costs are included in a utility's rate base.

—Extension of the Price-Anderson Nuclear Indemnity

Coverage Act.

—Federal efforts to encourage greater use of coal and nuclear energy by utilities.

—Establishment of a small federal task force of experts "to serve as troubleshooters, to discover the impediments to the completion of electric utility plants and to take steps to relieve the particular situation wherever possible."

Ford said he would move promptly to create such a task force and declared, "In view of the long lead time on construction, completion of plants now in advanced stages of planning or under construction must have top priority."

The committee also urged "prompt and reasonable action on rate applications."

## Based On Taxes Levied Locally

# Legislature Considers More Revenue Sharing

By MALCOLM JOHNSON  
Associated Press Writer

LANSING, Mich. (AP) — Lawmakers are studying legislation designed to give more state aid to communities which are taxing residents heavily.

The legislation represents Gov. William Milliken's recommended revision in the method the state computes revenue sharing funds for local municipalities. It would provide about \$268 million during the next fiscal year for cities, villages and townships.

The state will spend an estimated \$232 million this fiscal year in such revenue sharing.

The recommendations, in bills before the House and in the Senate Taxation Committee, have been questioned by some law-

makers who feel Detroit and other large cities will benefit at the expense of smaller communities. But there appears to be no massive opposition to the program.

Experts in the Department of Management and Budget say all communities will get more than they did this year. Those getting the biggest increase will be those which levy the highest local taxes.

Revenue sharing is one of the few areas for which Milliken recommended a spending increase in the 1975-76 fiscal year. He said the money is needed because the current economic situation places a great burden on municipalities to maintain services.

In revenue sharing, each community gets a flat per-capita allocation. In addition, each community receives funds based on local tax levels. The state guarantees a minimum total payment

for each community based on millage, supplying additional aid if the combined allocations do not match that minimum.

The proposed legislation would eliminate one of two formulas under which local communities could take state aid. Gone is the concept of "tax burden," which included school taxes, because that often did not reflect local effort. Instead, the "tax effort" formula will be used, and special assessments will be added for the first time to figure local tax effort.

Legislation also would increase the state-guaranteed minimum payment, aiding communities with a low tax effort. Milliken proposes paying between \$18.50 and \$23 per capita, depending on millage levied.

In addition, the bill would reduce a county's share of revenue from state taxes as the state begins paying the county share of general welfare assistance under another program. That will provide more money for cities, villages and townships.

Should the program be adopted as proposed, the state will spend twice as much next year on revenue sharing as in 1970-71, when it totaled \$133 million. Counties would receive another \$54 million.

In addition, the Senate Taxation Committee is considering an amendment to permit communities to conduct special censuses to qualify for more money. The idea is to help those rapidly growing

areas which receive aid based on an out-of-date census.

The average tax levy in Michigan is about 14.6 mills, according to Eric Berry of the Department of Management and Budget. Under the formula, a community taxing at that level would receive \$9.70 per capita on top of its basic allocation of \$18.58 per capita.

But some communities levy much more. Detroit, for example, has a "relative tax effort" of about 45 mills.

Detroit would thus receive about three times the average payment under the formula.

But big tax efforts are not limited to big cities. According to the Michigan Municipal League, the little town of Laingsburg in Shiawassee County near Lansing levies 27 mills, almost twice the average.

But some lawmakers, especially those from rural areas, remain skeptical about the revision.

"The bill would adversely affect small units levying a small tax," said Sen. John Welborn, R-Kalamazoo. "We're rewarding the big spenders."

Others complained communities they represent would get less under Milliken's plan than under an extension of the present program. Regardless, eventual passage of the legislation does not appear threatened.

# Detroit Desegregation Bus Financing Sought

LANSING, Mich. (AP) — The state is reviewing possible ways of buying school buses for a massive school desegregation plan this fall in Detroit, according to Gov. William Milliken.

Milliken says the state probably would appeal a court ruling ordering Michigan to pick up the tab for the buses. But he indicated a decision on how to purchase them would come quickly.

The 6th U.S. Circuit Court of Appeals on Wednesday ordered

the buses purchased and said it would decide later whether the state or city would have to provide the funds. The state was ordered to come up with a plan on how the funds would be provided.

Milliken said at a Thursday news conference that "some way will be found" for the fiscally hard-pressed state to come up with the money if need be. The cost is expected to be about \$2.4 million.

He said "under no circum-

stances" would a tax increase be asked to provide the money. He said a normal state appropriation is more likely than floating bonds to provide money.

Milliken said he hopes the busing plan "would have a minimal impact" on the city when it goes into effect.

"I don't see the makings of a Boston in Detroit," he said, referring to the unrest Boston has seen over its school integration program.

On other issues, Milliken said

he continues to support a sweeping political reform measure now under consideration by the legislature. But he acknowledged he has questions about providing public money for political campaigns and on campaign spending limitations contained in the bill.

The governor said he hoped legislation can be passed in time to avert a public referendum to place the issue on the ballot. Common Cause has threatened a petition drive on the matter if the legislature does not enact a reform law this summer.

Milliken said he would press for action on the reform measure this year. "It would be a sad day in Michigan if we were not to complete what we began last year," he said.

A new campaign law, requiring reporting of campaign donations and spending, was passed last year and goes into effect next month.

Milliken also predicted eventual success in winning legislative approval for his business tax revision. The bill, which combines eight business taxes into one, is under fire in the House from lawmakers who feel it will hurt small businesses.

"We're building more support daily," Milliken said. "I think we have a better bill than we went in with."

The governor said he believed the recently concluded National Governors' Conference was "reasonably successful." He praised resolutions urging delay of railroad abandonment and reform of national unemployment compensation.

# Berrien Hires Director For New Nature Center

The Berrien county parks and recreation commission has hired a Benton township man to serve as a naturalist for Berrien county's new Love Creek nature preserve near Berrien Center.

He's Charles R. Barnes, 24, of Benton Center road, who most recently worked as an interpretive naturalist for the Sarrett nature center.

Barnes, a 1973 graduate of Michigan State university who majored in wildlife biology and ecology, is the son of Mr. and Mrs. Charles M. Barnes, of 248 Kublick drive, Fairplain.

Barnes said his primary functions in the post, which is a first for the county, will be to develop the 100-acre Love Creek nature preserve, and eventually oversee environmental education programs which may be

offered at the preserve.

He started the job on June 4 at an annual salary of \$9,500, which will come from Comprehensive Employment Training Act (CETA) funds. The contract runs until December, but Assistant County Planning Director Brian Solt said he hopes the job can be made into a full-time position.

Before working at Sarrett nature center for 1½ years, Barnes was a wildlife biologist for the Department of Resource Development at Michigan State portion of the old county farm, on which Berrien General hospital and the county juvenile home are located, was set aside recently by the county parks and recreation commission and the board of commissioners as a nature preserve.

# Allegan Seeks To Try Youth, 16, As Adult

OTSEGO, Mich. (AP) — Allegan County authorities plan to ask a probate court to waive jurisdiction in a stabbing-rape case so a 16-year-old Martin youth can be tried as an adult for the crime.

A 20-year-old woman said she was stabbed in the chest 11 times and raped Wednesday

after she and her attacker got in an argument while parked in a rural area near here, about 15 miles north of Kalamazoo.

The woman told police she was partially buried by her attacker, who jumped on her torso until she stopped screaming.

She managed to crawl from

the shallow pit and stop a motorist, who took her to Pipp Community Hospital in Plainwell. Spokesmen said she was in satisfactory condition.

"We saw where the gravel had been hollowed out and it was a pool of blood in there," said State Police Sgt. Joseph Geshel, who investigated the

incident.

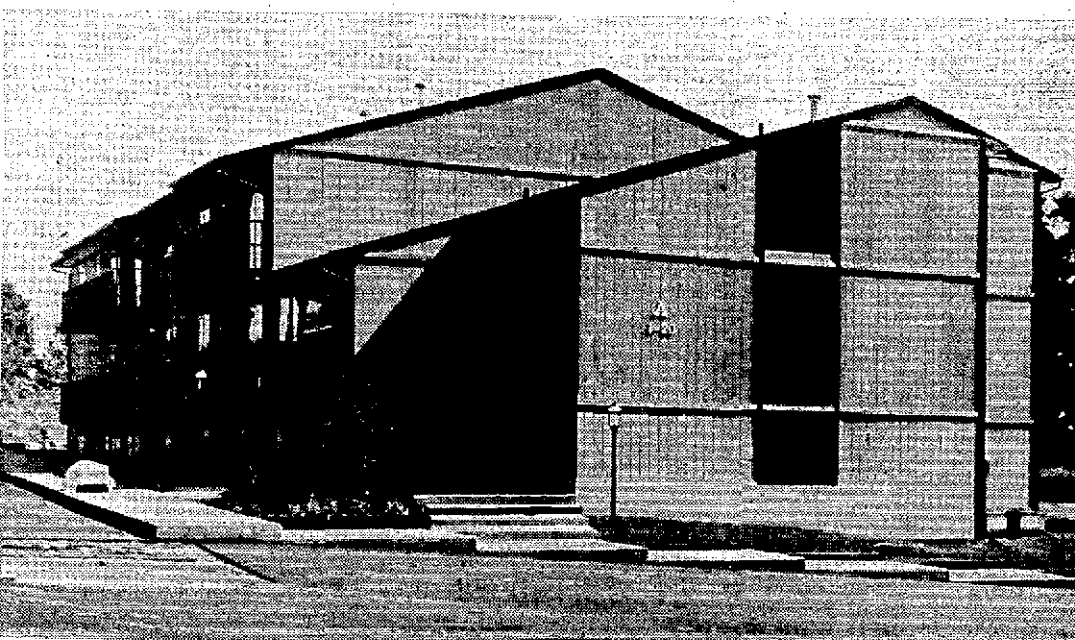

Troopers said they found the youth still at the scene because his car had become stuck in the gravel.

The youth, who was not identified because of his age, is a Martin High School student, reportedly is married and holds down a job as a cook.

**LOVE GRADUATE:** Paula Joan Conn, who graduated last night from Genesee Christian School, in Flint, Mich., is one in a hundred — literally. The school, in its first year has 101 students in its 12 grades. Paula

will be the only graduate. The Rev. Charles B. Harley, principal of Faithway Baptist Schools in Ypsilanti will speak. (AP Wirephoto)

**BUCHANAN APARTMENTS READY:** Buchanan apartment development, West Wind, has scheduled open house for Saturday and Sunday, June 14-15, to mark opening of first phase of \$2½ million develop-

ment. Buildings such as this one in first phase have 40 apartments ready for use. Plans call for adding 100 more apartments in future. Studio, and one and two bedroom apartments are available. (Staff photo)

# State Judges Get By With 'Illegal' Pay

LANSING, Mich. (AP) — Michigan's judges illegally took \$657,000 from the state Thursday, but they will get off on a technicality and nobody is expected to complain.

At the same time, the state Supreme Court reportedly agreed to scrutinize spending closer and undergo an outside audit, something the court never previously agreed to.

The "illegal" money was the

bi-weekly pay for judges. Technically, the checks were illegal because the judicial budget is about \$700,000 in the red and a legislative bill appropriating the money is hung up in committee.

State agencies cannot spend money that has not been appropriated by the legislature, the Michigan Constitution says.

But the state accounting division got authorization to

proceed with the payroll from Dr. Gerald Miller, director of the Department of Management and Budget. Miller said earlier he would authorize the payroll if he got assurances from both appropriations committee chairman.

Supreme Court Chief Justice Thomas C. Kavanagh, said Wednesday the court would set specific spending limits for each division, according to Rep. Thomas Sharpe, R-Howell, a House Appropriations Committee member.

Previously, the court took its appropriation as a lump sum and allocated it without regard for legislative controls. Lawmakers had contended this permitted some divisions to grow too rapidly.

Kavanagh also agreed to an outside audit of court spending and better control of how the money is spent, said Sharpe.

Previously, court spokesman have insisted as a separate branch of government the court has complete control over how its funds are spent and refused requests for outside audits.

The court budget includes judges and employees of the Supreme Court and Court of Appeals, the Appellate Defender Office and supplemental pay to circuit, probate and district judges.

The bill in committee would have appropriated money to cover the payroll. The court originally asked for a \$1.8 million supplemental bill but the Appropriations Committee trimmed the sum to \$1.1 million.

**GRADUATES:** Christopher L. Bickes, 2244 Jeffrey street, Stevensville, has graduated from Michigan State university with master's degree in business administration. He is currently employed by Michigan Bell telephone company's Benton Harbor district.

# Bloom'dale Approves New Budget

**BLOOMINGDALE** — A 1975-76 budget of \$39,307, about \$2,232 higher than the present budget of \$37,075, was adopted by the Bloomington village council following a public hearing last night.

The budget increase will not require a boost in the village property tax levy to finance, council officials said.

The present village property tax levy is 20 mills; 12 mills for operating, three for sidewalks and five for sewer.

In other areas, the village maintenance department was told to contact power companies about removal of dead tree limbs from among power lines and the village clerk was told to ask the state department of labor for assistance in plumbing inspections in the village.

Next council meeting is July 10.

# Oliver Bound Over On Escape Charge

**JACKSON, Mich. (AP) —** Kenneth E. Oliver, convicted of the 1972 murder of a State Policeman, was bound over to

Jackson County Circuit Court Thursday on a prison escape charge.

Judge David McGarvey ruled after preliminary exam in 12th District Court that there was evidence to indicate Oliver escaped from Southern Michigan Prison. He remanded Oliver to SMP custody.

He is to be arraigned July 22. A conspiracy to escape charge was dismissed. The maximum penalty for escape is 7½ years.

Four prison employees and a U.S. marshal testified Thursday that Oliver was missing from his prison assignment on March 21. He was captured at a relative's home in Los Angeles on April 9.

Oliver was serving a life term for killing trooper Steven DeVries on Oct. 12, 1972 after a bank robbery in Niles.

# Gobles OKs Low Street Repair Bid

**GOBLES** — Gobles city commission last night accepted the low bid of \$6,118 from Klett Construction company of Hartford to sealcoat and repair city streets.

The work is to be completed by Sept. 1 and involves a number of city streets.

In other areas, the commission agreed to pay Kenneth Remington of Bloomington \$425 for the removal of three trees.

The commission granted permission to the Gobles Methodist church women's group to hold a flea market in the city park on July 11 and to the Gobles-Kendall Improvement club to have a fireworks display at the school grounds July 4.

# EPA Cancels Recall

**DETROIT (AP) —** The Environmental Protection Agency has scrapped a campaign to recall 1.4 million 1972-model cars for federal pollution violations, revealing its original test results were unreliable. The recall, involving cars built by General Motors, Ford, Chrysler and Volkswagen, would have been the largest ever under the federal agency's authority to enforce compliance of clean air standards.

# Tigers Make Third-Place Angels Look Like Champs

DETROIT (AP) — To hear Detroit Tiger Manager Ralph Houk talk, you'd never figure the California Angels for a third-place team.

The Angels, who seem to beat Detroit with ease, clubbed the Tigers again Thursday, 7-1. Detroit, however, won a delayed game 5-3.

The latter contest was held over to Thursday when the 1 a.m. curfew time fell Wednesday with the game in the eighth

inning.

"They've played us six games, winning four and coming up with 38 runs," Houk said. The Tigers, who ended a four-game losing streak with the 5-3 win, had hoped the current home stand would change their luck, but California hitters cottoned to aging Tiger Stadium, renowned as a hitter's park.

"They're a good hitting ball club, although they don't hit much for power outside of Joe

Lahoud and Lee Stanton," Houk noted. "But they showed us in this park."

Oakland opens a weekend series with the Tigers tonight, and the A's are expected to send Ken Holtzman, 5-6, to the mound against Detroit's Joe Coleman, 3-8. Holtzman hurled a one-hitter against Detroit earlier in the week.

Houk compared the current edition of the Angels with 1959 Chicago White Sox who won a

permanent with awesome pitching and burning speed.

"They've got five good pitchers who can start in Nolan Ryan, Bill Singer, Frank Tanana, Ed Figueroa and Andy Hassler," Houk said in the dressing room. "It's tough when the other team has good pitching like that coming at you every day. They'll win some ball games."

Thursday's winner was Figueroa, who appears to have

found a way to make a name for himself on a staff that includes The Great Nolan Ryan.

The 26-year-old righthander from Puerto Rico, who started the season in the minors, scattered six hits and ran his record to 5-2 with the victory.

"That Figueroa is the type I like," Manager Dick Williams said in the clubhouse after taking the rubber game of the three-game series. "He's able to keep the ball down low and we

call him our 'stopper.'"

"Each of his five victories has come after we had suffered a defeat."

Figueroa admitted he hated being shipped off to the farm, but said it now appears to be the best thing that could have happened to him.

"But on down there, I made up my mind I was going to make it back up. And I'm making the most of this latest opportunity."

Lahoud was the offensive hero of Thursday's game, belting a pair of home runs, his fifth and sixth of the season. The big blow was his three-run shot in the third which sparked a six-run Angel rally. He hit a solo clout in the ninth.

The Tigers got their lone run in the seventh after Willie Horton and Leon Roberts singled and catcher John Wockenfuss was safe on a fielder's choice and a throwing error.

Detroit starter, Lerrin LaGrew, 4-5, was tagged with the defeat, while Ray Bare, now 2-2, was credited with the victory in the delayed game, with John Hiller pitching three outs of relief Thursday to assure the triumph.

The Angels moved to Milwaukee for a contest tonight. Singer, 6-7, was expected to face Milwaukee's Jim Coleburn, 1-4.

## DeBusschere Finds New Job Rough

NEW YORK (AP) — Dave DeBusschere obviously is finding his new job as American Basketball Association commissioner very difficult.

"I would rather be playing," DeBusschere, a former National Basketball Association All Star, said Thursday at his first news conference since replacing Ted Muechak as commissioner on May 15.

The 34-year-old DeBusschere, the youngest commissioner in the history of pro basketball, showed his unfamiliarity with the position and his nervousness by continually flipping and spinning an ABA ball during his brief encounter with the media.

"There are some very difficult decisions to make," admitted DeBusschere, "but that's par for the course, just as there were when I was a trustee."

DeBusschere prepped for the commissioner's job by serving one season as general manager of the New York Nets. In that position, he represented the Nets at several ABA Board of Trustees meetings.

The toughest decision DeBusschere has faced during his four weeks as commissioner occurred today when he presided at a trustees' meeting concerning disposition of the financially wobbly Memphis and San Diego franchises.

DeBusschere said Thursday

he would prefer the league to operate with 10 teams next season, rather than eight if Memphis and San Diego were disbanded. It put him in conflict with league President John Y. Brown of Kentucky, who was one of DeBusschere's biggest boosters for the commissioner's job.

"It is a much healthier situation if we have 10 strong teams," said DeBusschere. But he admitted that at present, there are only eight strong clubs. The weak teams are Memphis and San Diego, which had the league's lowest attendances last season.

Brown, meanwhile, charged that the existence of the Memphis and San Diego teams

contributed heavily to Kentucky experiencing its worst season financially although the Colonels won their first league title.

"Our payroll was a little higher and the cost of operating has increased," Brown said, "but what made it doubly bad was Memphis and San Diego. They lost a million dollars each, and the other eight clubs had to make up for that."

On a more positive note, DeBusschere announced two rule changes for the 1975-76 season. One will be the switch from the 30-second shot clock to a 24-second clock.

The other also involves the shot clock. DeBusschere said it would not be reset to 10 seconds

when the offensive team loses the ball out of bounds with less than 10 seconds remaining. Instead, it will be placed at the number of seconds remaining when the team lost the ball.

## Sox' Kaat Posts Ninth Victory

# Aaron 'Home' At Last

From Associated Press

Hank Aaron finally came home to Milwaukee Thursday night ... with a home run.

It was Aaron's sixth of the season and 739th of his career, but his first regular-season homer in Milwaukee County Stadium since he connected off Philadelphia's Ray Culp on Sept. 20, 1965.

"I knew eventually it would come," said Aaron, who spent the first 12 years of his career in Milwaukee with the Braves and walloped 398 homers, 185 of them in County Stadium. But since the Braves moved to Atlanta in 1966, Aaron's only Milwaukee homer came in an exhibition game two years ago.

Aaron's solo blast off Vida Blue helped his new team, the Milwaukee Brewers, defeat the Oakland A's 9-7.

The 41-year-old designated hitter, who had entered the

game hitting .199, singled and scored to spark a three-run first inning and doubled home a run in the second.

Singles by Robin Yount and Aaron, a two-run triple by Sixto Lezcano and an RBI single by Pedro Garcia produced the first-inning runs.

The A's got two back in the second on a single by Reggie Jackson and Gene Tenace's 11th homer.

The Brewers scored another

after two were out in the second on a single by John Briggs, a walk and Aaron's double. Sal Bando singled home a run for the A's in the fourth, but Aaron's homer made it 5-3 in the fifth.

A single by Briggs and George Scott's ninth homer off reliever Jim Todd in the seventh boosted the Brewers' lead to 7-3. Gorman Thomas doubled home two more later in the inning.

The A's struck for four runs in the eighth inning, three coming on Billy Williams' 400th career home run.

Elsewhere in the American League, the Chicago White Sox trounced the Boston Red Sox 9-2, the Kansas City Royals edged the Cleveland Indians 2-1 in 10 innings, the Baltimore Orioles whipped the Texas Rangers 7-1 and the California Angels trimmed Detroit 7-1 after the Tigers got the final three outs in the suspended second game of Wednesday's two-night doubleheader to nail down a 5-3 triumph. The Minnesota Twins and the Yankees were rained out in New York.

Home runs by Deron Johnson and Bob Coluccio helped Jim Kaat to his ninth victory. Johnson's solo blast, his sixth of the season, came in the second inning and hit the facade of the upper deck in deep left-center field. Coluccio's second home run of the season came after Brian Downing scratched an infield hit in the third.

The White Sox added an unearned run in the fourth and scored four times in the sixth when they chased rookie Jim Burton, who was making his first major league start since being called up from the minors where he pitched a no-hitter on Sunday.

Kaat, 9-3, scattered 11 hits. One was a run-scoring single by Fred Lynn in the sixth which kept his hitting streak alive at 16 games. The Red Sox used singles by Juan Beniquez, Rick Burleson and Cecil Cooper in the seventh for their second run.

With the fourth loss in five games, Boston's lead over the rained-out New York Yankees in the American League's East Division was chopped to one-half game.

Jim Wohlford raced home from third base with the winning run on a passed ball by Cleveland catcher John Ellis in the 10th inning, giving Steve Busby the victory over Eric Raich, his former teammate on a College World Series winner at the University of Southern California.

Harmon Killebrew tied the score in the Kansas City seventh with his ninth homer and 588th of his career.

Jim Palmer notched his 10th victory with a seven-hitter and Mark Belanger knocked in three runs. Palmer's victory gave him a 10-3 record, best in the American League. He ran his scoreless streak to 20 innings — his last outing was a one-hitter against Kansas City — until the Rangers scored in the eighth on singles by Cesar Tovar and Mike Hargrove around a walk.

## Four Reds Are Leading In NL All-Star Voting

NEW YORK (AP) — Johnny Bench is among four Cincinnati Reds dominating the early balloting for the National League All-Star team, released Friday by Baseball Commissioner Bowie Kuhn's office.

Bench, who has been on the NL team the last seven years and started the last six, has a huge lead for the catching spot — 327,694 votes to 60,713 for runner-up Manny Sanguillen of Pittsburgh.

The other Reds topping early returns are Joe Morgan at second base, Dave Concepcion at shortstop and Pete Rose in the outfield.

Morgan has drawn 249,174 votes thus far, nearly five times as many as Pittsburgh's Rennie Stennett, presently second in the tally with 55,778.

Concepcion, seeking his first starting role, has attracted 182,836 votes, followed by Larry Bowa of Philadelphia with 136,121.

Rose has 215,612 in the outfielder's race, followed close behind by the Mets' Rusty Staub with 151,322 and Del Unser with 147,563. Neither Staub nor Unser have started previously, though Staub was a reserve five consecutive times (1967-71) and played in three games.

Base-stealing ace Lou Brock of St. Louis

is also an outfield contender with 108,086 votes, as is Los Angeles' Jimmy Wynn with 86,347.

Two Los Angeles Dodgers have an early advantage in the infield. The Dodgers leaders are first baseman Steve Garvey, a write-in selection in 1974 who ended up most valuable player in the midseason classic, with 191,197 ballots and third baseman Ron Cey with 203,815.

New York's Mike Phillips has drawn the most votes of any write-in candidate this year, polling 28,489 to place him No. 5 among shortstops.

Current American League leaders include second baseman Ron Carow of Minnesota and outfielder-designated hitter Hank Aaron of Milwaukee, both of whom have been chosen as starters every year since fan balloting began in 1970. Other AL leaders, announced last Monday, are Yankee catcher Thurman Munson, first baseman George Scott of Milwaukee, third baseman Aurelio Rodriguez of Detroit, shortstop Bert Campaneris of Oakland and A's outfielders Reggie Jackson and Joe Judge.

Pitchers and the remainder of the squad will be chosen by the All-Star coaches.

Gamecocks battle Arizona State tonight to decide Texas' title game opponent.

Arizona State, 61-12, used a masterful four-hitter by John Poloni and Bob Pate's 11th-inning run-scoring single to eliminate Oklahoma 1-0 in the night's other game.

Texas, making its seventh series bid in eight years, received a bye into the finals in a drawing among the three survivors after its battering of South Carolina.

Texas, 55-6, captured series titles in 1949 and 1950, but since it's been frustration — 14 series trips with a title game chance only in 1953.

## Three Oaks Texas Gains Berth Team Joins In Baseball Finals Legion Loop

Three Oaks has been admitted to the American Legion Blue-Gray baseball league.

The team was added Tuesday night with the approval of its sponsor, Three Oaks American Legion Post No. 204, and league commissioner Dennis Knitla.

The addition of Three Oaks increases league membership to seven teams. Three Oaks was a member of the league years ago.

The Three Oaks team will consist mainly of players off the River Valley high school squad. Top players should be Jeff Jackson, Denny Busse, Dave North, Dan Hinman, Roger Shermak, Denny Zebell, Cary Harrington, Mark Francis and Scott Schriber. River Valley ace hurler Steve Rennhack had already agreed to play with the Lakeshore Legion team.

Larry Zebell will serve as Three Oaks manager. Zebell is currently seeking players in the New Buffalo-Gallen area. All boys interested in playing should attend the first practice Monday at 5:30 p.m. at River Valley high school.

OMAHA, Neb. (AP) — There'll be no third- or fourth-place finish for Texas this time around in the College World Series.

The Longhorns have finished in those disappointing positions five of the last six years.

"We came here with the idea of winning the national championship and our job is not over," said Texas Coach Cliff Gustafson after his team crushed South Carolina 17-6 with an 18-hit attack Thursday night.

"We hope to complete our mission Saturday night."

South Carolina's initial defeat in the tournament left three teams once-beaten. The

Gamecocks battle Arizona State tonight to decide Texas' title game opponent.

Arizona State, 61-12, used a masterful four-hitter by John Poloni and Bob Pate's 11th-inning run-scoring single to eliminate Oklahoma 1-0 in the night's other game.

Texas, making its seventh series bid in eight years, received a bye into the finals in a drawing among the three survivors after its battering of South Carolina.

Texas, 55-6, captured series titles in 1949 and 1950, but since it's been frustration — 14 series trips with a title game chance only in 1953.

## 'Blue Moon' Hasn't Been In Groove Since 1972

Odom had a 15-6 record with the A's in 1972 but plunged to 5-12 and 1-5 marks the last two seasons, working almost exclusively as a relief pitcher

Odom made his Atlanta debut against St. Louis Monday night, but lasted only five innings and was tagged with a defeat, giving him a 1-3 record this season with three clubs.

# Marshall Giving Tarkenton 'Iron Arm'

All this pertains right now  
because Francis Asbury

"I'd read about Mike Marshall and so had my trainer, Fred Zamberletti, get in touch with him. I talked to Mike, and he said he wanted to spend two

"He knew what my problem was," says Fran. "A muscle behind my right shoulder controls the stopping motion when I throw. That muscle was not strong enough and probably never had been to take the for-

"He also showed me some new techniques which he'd found helpful in getting distance throwing the football. Within a week I could throw without pain. I'd never throw until the first of May and then not regularly until June. His analysis is interesting: the muscles that you use throwing are like anything else. If you don't use them, they will deteriorate. You've got to keep them built up. He thinks I'll increase the strength in my arm 10 to 15 per cent this year."

His teammates have a fond nickname for Fran Tarkenton. They call him "Muscles."

Veterans Moe Norman and Bob Panasluik lead the field of 152 onto the 6,818-yard, par-72 Barrie Country Club course for the start of the 54-hole tournament.

# Herb May Return To Oakland

"He (Finley) said they might

Washington said he planned to be in the stands to greet his old teammates this weekend when the A's open a series with the Detroit Tigers.

"I'm not saying he's the Messiah, but he's the only guy I've talked to about the throwing motion who's made any sense."

That sense translates to three records which are within Tarkenton's range in 1975. He

# Liquori And Waldrop Included Ringers Enter Big Meet

BERKELEY, Calif. (AP) — The U.S. Track and Field Federation's Meet of Champions, scheduled for its first run Saturday, has some dangerous ringers entered.

The idea was to match winners from recent national collegiate championships, the USTF meet and the Interservice championships.

But special invitations went out to some others, including middle distance runners Marty Liquori and Tony Waldrop, sprinter Robert Taylor, high jumper Pat Matzdorf and French stars Jacques Rousseau

and Guy Druet.

It all makes for a select field at the University of California's Edwards Stadium. The 23-event meet will be co-hosted by Cal, which formerly sponsored the Kennedy Games by itself each June.

"It will be a concise, 2 1/2-hour meet. We've always stressed quality instead of quantity," said Cal Athletic Director Dave Maggard.

World record holders John Powell (discus), Al Feuerbach (shot put) and Dwight Stones (high jump) are entered. In one

of the two women's events, Francie Larrieu will attempt to lower her U.S. record for the mile.

Liquori's competition in the mile will include three other sub-four minute milers. Waldrop will go in the 800 against a field including NCAA champion Mark Emyart of Utah State.

Tennessee's Reggie Jones and Southern California's James Gilkes, the top two finishers in the NCAA 220 last week, will be rematched and face challenges from Louis Wilson of the U.S.

Army and others. In the 100, Olympic silver medalist Taylor will join a field including Jones and Auburn's Clifford Outlin.

Matzdorf set a world record of 7 feet, 6 1/4 inches at Edwards Stadium in 1971 when he was a University of Wisconsin athlete. He's making a comeback now with the flop high jump technique and is up to 7-4 1/4.

Rousseau is one of the top long jump entries, with a personal best of 26-5 1/4 which was wind-aided. His countryman Druet is one of the world's top hurdlers.

## St. Joseph

### LITTLE LEAGUE

The Yanks tagged the Cubs for 16 hits in a 19-4 win. For the winners, Stuber went four-for-five and Larson and Hutchins both doubled. For the Cubs, Johnson had a double and two singles.

### MINOR LEAGUE

The Reds scored six runs in the first inning and went on to down the Giants 13-6. Bill Lindendahl had a triple and two singles, knocking in three runs and Erick Flater hit two doubles for the Reds. Rich Gilbert knocked in two Giant runs with a triple.

**ELKS CUB SOFTBALL**  
Milton Agay hit two homers, including a grand slam job, and Joe Keschull also shot a homer as the Bears beat the Panthers 21-15. Joe Myers and John Hestley rifled home runs for the losers.

Dave Taylor, Joe Mashak and Bill Learned belted triples and Mashak added a homer in the Seals' 16-4 win over the Lions, who got homers from Mike Sherer and Terry Benton.

Jim Gillespie was the winning pitcher as the Rams rocked the Gators 19-4. Todd Rupley homered for the Gators.

Dan Fietas homered and Dennis Conto slammed four hits as the Coyotes clipped the Wolves 15-2. Tom Brown, Norbie Wolf, John Broccoli and John Evans all socked two hits for the Wolves.

## North Lincoln

### MINOR LEAGUE

Kevin Scherer had a triple to

## Coloma

### MINOR LEAGUE

Mark Harper pitched a five-hitter and drove in two runs as the Braves beat the Cubs 13-5. The Braves also got a home run from G. DeRosa and a pair of doubles from G. Ryan while J. Swisher and S. Gagliardo has two hits apiece for the Cubs.

### Blossomland

### MINOR LEAGUE

Don Fedor socked three hits and Scott Rose scored four runs as the White Sox beat the Giants 9-5. Brian Hansen and Ken Strobe added two hits each for the winners.

Paul Genovese led a 13-hit attack with two doubles, a single and scored four runs as the Yankees out-slugged the Indians 10-7. Winning pitcher Kent Lannings had a triple and a single. Indians with two hits included losing pitcher Clancy Rose, Tom Gay, Jeff Ziebart and Mark Christ.

# Roscoe Running Against Champs

DOWAGIAC — The premier distance runner from Southwestern Michigan College, John Roscoe of Terre Haute, Indiana, will compete Saturday in the United States Track and Field Association's Meet of Champions at Edwards Stadium on the campus of the University of California in Berkeley.

Roscoe will compete with the nation's leading track and field athletes, including champions from the National Collegiate Athletic Association's Divisions I, II, and III, the National Junior College Athletic Association, the United States Track and Field Federation, the National Association of Intercollegiate Athletics, and the Armed Forces.

Roscoe was invited to compete after he won the (NJCAA) 3,000-meter steeplechase championship in Houston, Texas late in May, with record time of 8:58.2.

"During Roscoe's brilliant career at Southwestern he has established two national junior college records, the steeplechase mark and the 6-mile run with a time of 28:46.2."

according to Ron Gunn, SMC Athletic Director and NJCAA Coach of the Year in 1974.

"John has also led his team to two consecutive national cross country titles and was himself a national champion in 1973. He has also competed quite successfully on the international level as a member of the USA men's cross country team the last two years."

The Meet of Champions will determine the United States' entries in the World University Games to be held in Rome, Italy in September.

## Reimers Stars

Herb Reimers fanned 11 batters in five innings and allowed only three hits as Grace Lutheran creamed Church of God 11-1 in a St. Joseph Church league softball game Thursday night. Jim Ring, Gary Coleman and Tim Zindler hit homers for the winners.

In another game, Christ Lutheran took Christian Reformed 11-9. Dave Kett, Cleo Brunnel and Neil Sharp all had three hits for the losers.

### Blossom Trails

#### TUESDAY JETS

Rose Claustre swept individual honors with low gross of 46, low net of 31 and low putts of 14. Hazel Hake sank a 25-foot ship shot on the 12th hole and Joan Siefert holed out of 33 feet on No. 17.

#### BLOSSOMLAND LEAGUE

Vic Gillette fired 39 for honors. Paul Richards and Ken Horton took 40's, Jack Roden 41 and John Woods and Bill Fowler 42's.

## Family Weekly

Special for Father's Day: Henry Fonda And Other Famous Men Recall 'The Little Things About My Father's Greatness.'

How to Get Your Child Through Camp Happily

### 'Little Things' About My Father's Greatness

"My father felt a man should work, not act. When I got involved in the Omaha Community Playhouse, Dad was upset," remembers Henry Fonda.

In a heartwarming article that conjures up memories of "Life With Father," some famous men talk about the influence their fathers had upon their careers, their dreams and their manhood. Money may have been scarce, father-son disagreements abundant, but love and respect triumphed. Read how Henry Fonda reconciled his father to the idea of his becoming an actor and why Bob Hope feels that his success is the result of a youthful emulation of his father. You'll also gain numerous insights into the father-son relationship from the comments of Sen. Henry Jackson, basketball great Meadowlark Lemon and singer Glen Campbell. These nostalgic reminiscences will add a special quality to your family life this Father's Day.

Read what the stars say in Family Weekly, a regular Saturday supplement of the Herald-Palladium.

# All Is Not Old On Summer TV

By JAY SHARBUIT  
AP Television Writer  
NEW YORK (AP) — Summer is almost upon us. And reruns, ABC calls them "encore telecasts," are in full bloom now. But don't bury your TV set. That'll only cause Crabgrass, a distant cousin of crabgrass.

Besides, the networks will air eight new mini-series and one reread this summer. Honest. Seven are music-comedy-variety shows. The eighth features weird sports events, and the ninth is ABC's "The Texas Wheelers," the Lone Star family sitcom that bombed last fall.

ABC is first in the summer pool, starting Thursday, June 26, with a rerun of the first "Wheelers" episode. The next five Thursdays will feature segments never seen because of the show's abrupt axing.

Don't miss the opening. It's Western humor at its sardonic best.

The next summer show starts Sunday, July 6, when CBS brings on a four-Sunday series called "Joey & Dad." It's a music-variety effort starring singer-dancer Joey Heatherton and her father, Ray, a veteran broadcast personality known mainly in the New York City area.

Come Thursday, July 10, NBC gets in the summer swing with a four-week music-variety number starring Gladys Knight and the Pips. On Thursday, Aug. 7, NBC starts another four-week series of similar fare.

It'll star Ben Vereen, the black singer-dancer who won Broadway's Tony award for his work in the musical, "Pippin."

On Saturday, July 12, ABC starts four weeks of "Keep On Truckin'," a music-comedy show featuring what ABC calls "a stock company of resident zanies, impressionists, stunt people, singers and dancers."

Hokay. On Wednesday, July 30, ABC begins a six-week fun &

music caper hosted by singer-humorist Jim Stafford, who among other things once wrote a hit song called "My Girl Bill."

On Thursday, Aug. 7, ABC's fourth summer entry arrives. It's a five-week series, "Anything Goes," in which teams in different U.S. cities hold outlandish sports contests, such as a waterbed relay race.

On Sunday, Aug. 10, CBS checks in with a four-week comedy-variety series starring "The Manhattan Transfer," a singing group of two young men and two young women who are big in some New York circles.

The men wear top hat and tails, the women evening gowns. Their press agent says a chic Gotham magazine published by

pop artist Andy Warhol calls them "the hottest new group to emerge from the underground." The same agent says Women's Wear Daily reports "they fairly reek of sophistication."

Next time you come to New York, check out all this underground reeking. Even Ed Norton wouldn't recognize it now.

But I digress. The last summer TV entry for 1975 will be a CBS conversation and variety series, hosted by Dick Cavett, ABC's urbane resident whippersnapper for so many years.

Cavett's tour begins on Saturday, Aug. 16, and expires three Saturdays later.

GETS DEGREE: Timin Culby, son of Mr. and Mrs. John Culby, Blue Creek road, Benton Harbor, has graduated cum laude in business administration from Central Michigan university. He will join his father in operation of Culby's fruit receiving station. He is a 1971 graduate of Benton Harbor high.

## Warren Woman Winner

WARREN, Mich. (AP) — A Warren housewife won the top prize of \$200,000 today in the regular weekly drawing held by the Michigan Lottery Bureau.

Mrs. Jane D. Charchan, 49, whose husband Alexander is a job setter with Ford Motor Co., said she would share the money with her sister-in-law whose husband died recently.

Second prize of \$50,000 went to Frank J. Spadafora, 42, of Orchard Lake, the father of three, who owns and operates a Keego Harbor bar with his wife, Pat. Lottery officials said his ticket was listed to the five member Gold Cup Lottery Club.

Other winners were Evelyn E. Farmer, 37, of Pontiac, unemployed mother of three, whose husband works for Pontiac Motors, \$25,000; William Karsten, 41, of Kalamazoo, a welder, \$10,000; Helen Williams, 45, of Toledo, a widow with four children, \$10,000; and John B. Meadows, 33, of Grand Rapids, a safety counsel for Michigan Mutual Liability Co., \$10,000.

MRS. JANE CARCHAN Wins \$200,000

## NOW SEE HERE! By Bert Bacharach

**KITCHEN-SNOOPING:** Try rubbing the skin of chicken or turkey with olive oil before roasting for a better crispness (St. Regis-Sheraton, NYC). A mixture of brown sugar, brandy and brewed coffee added to baked beans will give the dish a gourmet taste (Marquette Inn, Minneapolis).

**SMATTERING of Signs:** CAPRICORN natives often labor quietly without fanfare, but many are found in the forefront of their vocations. CANCER children are often super-sensitive to criticism and ridicule. Those born on the cusp of PISCES and ARIES often have trouble concealing their emotions. Zero Mostel saw the new musical, "Chicago." (Zero gave it a big plus!). Sandwich Favorite of Bal (Assembly Steakhouse) Golden: Thinly-sliced porthouse, horse radish, crisp lettuce and Russian dressing

on a seeded roll. Beverly Hills investment banker Douglas Campbell says, "Never underestimate a woman unless you're talking about her weight or her age!" "Hopscotch" is author Brian Garfield's 59th book in 15 years. Hot new recording artist Eric Mercury has a cousin whose first name is Lincoln! "Funny Lady" is still SHO. (Streisand Room Only). The Good Old Days: Back in 1961, business suits sold for \$5!

**HELPFUL HINTS:** At clean-up time around the house add three tablespoons of washing soda to a quart of warm water—to make woodwork, tile, glass and painted surfaces sparkle. To remove old decals, douse them with hot vinegar, let them soak for a few minutes, and they'll wash off without damaging the surface.

## Storm Windows are THE BEST INVESTMENT you'll ever make...

"In as little as six years, they pay for themselves in lower heating bills; after that, it's like getting a 13 percent dividend on your investment every year. If you have air conditioning, leave storm windows on in summer. You'll keep 30 percent more of the cool air you are paying so dearly to get."

—from Reader's Digest, December, '74

According to the American Gas Association, "Storm windows and doors. Smart buy. If your home doesn't have storm windows and doors, you may be losing as much as 20% of your heat! So you can readily see how they can pay for themselves in very little time."

### The Price of Storm Windows Will NEVER be Lower!

Materials and labor costs will keep on going up. Factories and installers are looking for work...right now! Now is the time to get your best price deal on high quality,

## season-all STORM WINDOWS

They quickly pay for themselves in fuel savings alone...and President Ford has asked Congress to help even further with a tax credit, retroactive to January 1, 1975.

Call right now! 925-0018  
Each minute you delay is costing you unnecessary BIG MONEY in a wasted fuel.

### BEETLE BAILEY

WHY ARE WE CLIMBING UP HERE, SARGE?  
 TO GET A VIEW OF THE AREA

WHY DON'T YOU SAY SO?  
 FOLLOW ME

I'LL TAKE ONE OF THESE... AND ONE OF THESE...

### BUGS BUNNY

THIS NEW COMPUTER'S A FANTASTIC MACHINE!  
 AKA THE BIG SNEAK SCHNOODLE CLIP

IT CAN DO THE WORK OF FOUR EMPLOYEES IN ONE-THIRD THE TIME!

THERE'S NOTHING AROUND THIS OFFICE A PERSON CAN DO THAT THIS COMPUTER CAN'T DO BETTER.

HOW ABOUT LAUGHIN' AT YER JOKES?

### MICKEY MOUSE

LET ME READ YOUR PALMS, MICKEY!

OH, MY! I SEE GREAT THINGS FOR THESE HANDS!

### BLONDIE

DAGWOOD, IF I TOLD YOU I SAVED TEN DOLLARS ON MY BUDGET, WOULD YOU GIVE ME A BONUS?

YOU BET... A GREAT BIG KISS!

KISS

THAT WOULD'VE BEEN A BETTER KISS IF A LITTLE CASH WENT WITH IT

### NANCY

NANCY, COME TO OUR CLUB MEETING TODAY

SINCE SLUGGO BECAME OUR CLUB PRESIDENT HE FEELS SO IMPORTANT

ALWAYS CALLING SUMMIT MEETINGS

### WINTHROP

MRS. HUBBELL TOLD US SOMETHING INTERESTING ABOUT HORSES TODAY.

SHE SAYS THEY'RE MUCH SMARTER THAN DOGS ARE.

THEN HOW COME YOU NEVER SEE A DOG WALKING AROUND WITH PEOPLE ON HIS BACK?

### REX MORGAN, M.D.

WASN'T CAVELL WITH YOU FOR A WHILE, REX?

YES—YEARS AGO—AND HE'S AN EXCELLENT DOCTOR! BUT HE'S NEVER CARED FOR PRIVATE PRACTICE!

ISN'T THAT JUNE GALE?

YES! SHE MUST HAVE HEARD ABOUT KEITH!

IS HE ALL RIGHT, REX? I WAS LISTENING TO THE RADIO THIS MORNING AND SUDDENLY HEARD THEM MENTION KEITH CAVELL.

JACK TOOK A .38 SLUG OUT OF HIS SHOULDER! HE'LL BE ALL RIGHT!

### MARY WORTH

MR. FACKLEY HAS BEEN ASKING IF YOU WERE HERE YET, MR. BYNUM! I BELIEVE I'D GO RIGHT TO HIS OFFICE!

PROBABLY SOME FINAL DETAILS ON OUR COUNTY COURTS BUILDING BID!

GOOD MORNING, MR. FACKLEY! I—UH—

SIT DOWN, BYNUM! I WANT TO DISCUSS THIS!

### JUDGE PARKER

MY CAR WILL PICK YOU UP IMMEDIATELY AFTER YOUR LAST PERFORMANCE TOMORROW NIGHT. WAGS LAINE!

I'LL BE WAITING, MR. PRICE!

I WONDER WHAT IT IS, WILLSON?

IT'S BEAUTIFUL... AND THEY LOOK LIKE REAL DIAMONDS!

YOU MUST RETURN IT IMMEDIATELY, DONNA!

### New Oil Find

#### Called Exciting

CREOLA, Ala. (AP) — Getty Oil Co. has confirmed an oil discovery that state officials have called the most exciting find in the Southeast in the last 20 years.

An announcement Thursday by the Houston, Tex., based oil firm capped a week of testing in this oil-rich south Alabama area. The tests revealed that Getty's Lyles Hatter 4-10 No. 1, well produced at a daily rate of five million cubic feet of gas and more than 1,500 barrels of condensate, a high-grade hydrocarbon.

YES, WHY?

I THOUGHT MAYBE I COULD APPLY FOR A JOB READING TO HIM

### MY GRANDFATHER PLAYS LEFT-WING IN THE WORLD HOCKEY ASSOCIATION!

# NEWS OF MARKETS

## Market Holds Steady

NEW YORK (AP) — The stock market held steady today in the midst of conflicting forces in the economic news.

The opening Dow Jones average of 30 industrials was off a fraction, but the over-all New York Stock Exchange tally showed gainers and losers running about even.

Brokers noted continuing concern about the outlook for world oil prices, and some worries that a pickup in economic activity would push interest rates upward and lead to shortages of capital.

On the plus side, the government reported that businesses were able to work down their inventories by 7 per cent in April, setting a record for the second month in a row.

Today's prices included Fruehauf, unchanged at 18; Clorox, off 1/4 at 34 1/2; Genesco, down 1/4 at 5; and Kellogg, off 1/4 at 18.

On Thursday the Dow Jones industrial average slipped 5.24 to 619.31.

Big Board volume slowed to 15.97 million shares, the lightest in more than two months.

Losers outnumbered gainers by about a 4-3 margin on the NYSE, and the exchange's composite index lost .23 to 47.85.

The American Stock Exchange market value index was down .50 to 88.01.

## Sunny, Warmer Saturday

Mostly cloudy with a chance of a few brief showers tonight, low mid 50s to near 60. Partly sunny Saturday, high lower 80s. Winds southeasterly 10 to 15 tonight, south to southwest 10 to 15 Saturday. Probability of precipitation 30 per cent tonight, 20 per cent Saturday.

**WEATHER PICTURE**

The highest temperature in Michigan Thursday was 78 at Detroit. The lowest was 47 at Houghton.

The highest temperature one year ago in Detroit was 72. The low was 48.

The highest temperature for this date in Detroit since 1872 was 96 in 1936. The lowest was 42 in 1873.

The sun sets today at 9:10 p.m., rises Saturday at 5:56 a.m. and sets Saturday at 9:11 p.m.

The moon sets Saturday at 12:04 a.m., rises Saturday at 11:24 a.m. and sets Sunday at 12:37 a.m.

Highs, lows, sky conditions and precipitation at selected sites:

	High	Low
Alpena, cldy	70	56
Detroit, sunny	78	50
Escanaba, sunny	59	55
Flint, cldy	74	59
G.Rapids, pt sunny	73	58
Houghton, sunny	82	47
Houghton Lk, rain	66	55
Jackson, sunny	75	50
Lansing, pt sunny	76	60
Marquette, cldy	58	48
Muskegon, pt sunny	67	58
Pellston, rain	65	52
Saginaw, cldy	73	55
S.S. Marie, drzly	67	48
Traverse City, rain	68	57

**EXTENDED OUTLOOK**

Chance of showers Sunday and Monday. Partly cloudy Tuesday. Lows upper 40s to upper 50s. Highs in 70s.

## Unity Hospital

**ADMISSIONS**

BUCHANAN — Patients admitted to Unity hospital during the past 24 hours include:

Buchanan — Cheryl Sue Swift, 1106 North Redbud trail.

## Gets Death Blow

BATON ROUGE, La. (AP) — A bill to ratify the proposed Equal Rights Amendment has been dealt a final blow on the floor of Louisiana's House of Representatives.

A House committee rejected the measure Wednesday by an 8-7 vote.

## BERRIEN COUNTY Western Electric Spent \$1.5 Million

Western Electric, manufacturing and supply unit of the Bell System, reported it spent \$1,502,700 in Berrien County in 1974 for supplies and services with 25 firms.

These expenditures were in addition to those made by Michigan Bell throughout the state, reported Edward A. Mabin, area manager.

Total statewide Western Electric payments for supplies and services amounted to \$35.3 million paid to 1,385 suppliers in 170 towns.

Some of the items on Western's shopping list purchased from Michigan firms were chairs, engine sets, work gloves, housing assemblies for data sets, insulated wire, magnets, plastics, shelves for telephone booths, silicon, springs and steel wire.

More than 85 percent of all Michigan suppliers were classified as "small businesses" employing less than 700 persons each.

The Western Electric payroll in Michigan last year was \$23.5 million for some 1,870 employees.

The firm has a \$5 million materials-handling center under construction in Bertrand township.

## Letter Of Intent Going To Engineers

NEW BUFFALO — New Buffalo township board last night voted to send an engineering firm a letter of its intent to contract with the firm for a master water plan study.

The action was taken so that the firm, Williams and Works Engineering, Grand Rapids, would begin work on a preliminary study before a formal contract is signed.

According to a firm spokesman, a written notice would be needed before work could start. The firm said cost of the preliminary study would be \$5,000.

The preliminary work is expected to take five months, according to Joseph Svehla, township supervisor.

In other areas, the township board tabled a decision on whether to join a countywide computer system, for tax billings.

The board also voted to secure additional bids for repair of two firetruck engines, after only one bid was received.

The board voted to purchase a bicentennial flag for the township from the Berrien County Bicentennial Commission.

## Suspect Arrested At Jail

PAW PAW — State police from the Paw Paw post reported they arrested a Dowagiac man at the Cass county jail in Cassopolis last night in connection with a June 1 break-in at a concession stand on 95th Avenue in Keeler township.

Lodged in Van Buren county jail on a charge of breaking and entering was Scott L. Ferney, 19, route 4, Forest Beach road, Dowagiac, according to troopers.

Police said he was arrested at 10 p.m., following his release from the Cass county jail where he had just posted bond on another, unrelated breaking and entering charge.

Officers said \$19 worth of pop and potato chips were reported stolen from the stand and that Ferney's arrest was the second in connection with the theft.

Previously arrested on a charge of breaking and entering was Thomas W. Wilkerson, 18, route 5, Topash road, Dowagiac.

## S. Koreans Say N-Bomb Possible

WASHINGTON (AP) — South Korea is ready to develop its own nuclear weapons without the United States and could do so if the United States withdraws from Asia, a South Korean legislator said.

"We are truly capable of developing nuclear weapons any time we want to," Rep. Ohn Young-Dal said Thursday. "If the United States abandons South Korea 'we would have to make a choice to develop nuclear weapons,'" he said.

## Market Is Just Bobbing Along

By JOHN CUNIFF  
AP Business Analyst

NEW YORK (AP) The stock market these days is bobbing along on conflicting currents and can't seem to get moving in any sustained direction. One of these days a strong current might catch it, but nobody knows when.

The lack of direction isn't difficult to understand when you survey the news that is said to move the market. The news itself is conflicting. The currents aren't very well defined.

The most basic force behind the economy is the general economic outlook, and in recent weeks the consensus seems to be for a gradual upturn. But few forecasters believe the recovery will be pronounced or immediate.

Several forecasting units have noted in recent days that we might be premature in declaring the recession over, somewhat like the student who mentally and emotionally ends the school year early in May.

While the majority of forecasters expect business activity to be on the upturn in the second half of the year, there is little evidence that the upturn actually is beginning. First National City Bank observed Thursday.

Blyth Eastman Dillon, a brokerage house, had a similar comment. Alan J. Miller, vice president said:

"The basic problem, we think, is that economic forecasters have tended to blur the distinction between the evidence of an economic recovery and evidence of developments which must, of necessity, precede any economic recovery."

"To be sure, there is plenty of evidence of the latter, and it is on that basis that the consensus forecast has been developed. Maybe that's enough. But there's scant evidence of the former, and that is disturbing."

John Wright, Bridgeport, Conn. analyst and securities manager, comments in his current advisory: "The growing realization that economic recovery is not yet 'just around the corner' is, in our opinion, thoroughly justified."

Assurance is hard to find. There is relief that the oil exporting nations delayed increasing the price of oil until Oct. 1. Then what? An increase then would hurt profits.

The entire Midwest situation brings a cold chill to the market, and any statement by either the Arabs or Israelis is said to leave its impression on the stock market tape.

Improvement in the liquid position of investors as they build up their bank accounts and pay off their debts is said to be a positive factor for the market. But who says these people will invest their cash? They seem reluctant to.

For the time being anyway, a lot of individual investors seem content to observe, no matter how cash-ready they are. They're waiting for a fresh breeze, for a strong current, before making the plunge.

One inducement to jump in is the decline in the prime interest rates. As interest rates fall, stocks become relatively more attractive. In addition, lower interest rates mean less expense for business.

As Wright observes: "Stock prices are, moreover, first, last and always the slaves of interest rates." However, some of that effect seems already to have occurred. At 6.75 per cent, there isn't much room for further declines in the prime rate.

But if nothing else is able to push the market firmly in one direction or another, politics might. Incumbent administrations generally try to get the economy moving before an election, and improving economies usually move the market.

The elections therefore could be the next big wind of change.

## Alberta Oil Price Going Up

OTTAWA (AP) — The Canadian government has agreed to Alberta's demand for an increase in the domestic price of crude oil on July 1, but the export price of about \$8.75 a barrel is not expected to be affected.

Energy Minister Donald MacDonald said Thursday after talks with Alberta Energy Minister Don Getty that the cabinet has taken "some basic decisions" on price increases, but he refused to say how much they would go up.

The domestic price now is \$6.50 a barrel, and the oil industry anticipates an increase of about \$2, which would add eight cents to the price of a gallon of gasoline or home-heating fuel.

However, the export price will not be affected because as the domestic price rises, the export tax that increases the cost to \$8.75 a barrel will be reduced by the amount of the domestic rise. The purpose of the export tax is to keep the price of Canadian oil exported to the United States on a par with the price of oil from the Middle East and Venezuela.

The oil industry also expects increases later to raise the domestic price to about \$10, the price the Alberta provincial government says is necessary to encourage exploration for additional reserves. However, Canadian oil exports are to be reduced progressively and to end by 1982 because to meet the requirements of the domestic market.

MacDonald said higher domestic prices for natural gas will go into effect Nov. 1, but he again refused to say how much the increase would be. The export price of natural gas is now \$1 a thousand cubic feet, 40 cents more than the domestic price at the wellhead. It is scheduled to rise to \$1.40 on Aug. 1 and the \$1.60 on Nov. 1.

As Wright observes: "Stock prices are, moreover, first, last and always the slaves of interest rates." However, some of that effect seems already to have occurred. At 6.75 per cent, there isn't much room for further declines in the prime rate.

But if nothing else is able to push the market firmly in one direction or another, politics might. Incumbent administrations generally try to get the economy moving before an election, and improving economies usually move the market.

The elections therefore could be the next big wind of change.

## South Haven Hospital

SOUTH HAVEN — Patients admitted to South Haven Community hospital yesterday included Hugh Flickinger, Odell Garner, Mrs. Timothy Holty, John Jakubs, William Yurkinas, Mrs. Florence Zor del, South Haven; Mrs. John Fry, Grand Junction; Mrs. Steve Kernica, Pullman.

## Berry Bids Energy Tax Bill Are Firm Thursday 'Worthwhile' Items

WASHINGTON (AP) — The House is continuing to vote on amendments to the energy tax bill, although its main features to encourage the conservation of fuel already have been eliminated.

"We can't call it a major bill now," said Rep. Jim Wright, D-Tex., on Thursday, although he said "it still has some worthwhile things in it."

Wright, who directed the original House Democratic energy task force in a search for alternatives to President Ford's proposals, spoke after proposals to tax automobiles with low gasoline efficiency were defeated.

The House, which resumes debate on the bill today, voted for auto fuel economy standards enforced by civil penalties after rejecting a tax on gas-guzzling autos.

Rep. Joseph L. Fisher, D-Va., proposed strengthening the gas-guzzler tax in the bill reported out by the Ways and Means Committee. His amendment was defeated 235 to 186.

We must "lean 24/7, but firmly" on the industry to produce more efficient cars, especially since the House on Wednesday had rejected any gasoline tax increase for the same purpose, Fisher said.

Wright urged approval of the Fisher amendment so it couldn't be said that "we chickened out and refused to even bite the marshmallow."

Opponents of Fisher's amendment said it would lead to additional unemployment in the automobile industry.

"All the automobile industry needs is one more regulation — that's all," said Rep. Elford A. Cederberg, R-Mich. "If you want more unemployment, you'll get it if you adopt this kind of amendment."

After voting down Fisher's proposal, the House voted 306 to 86 to eliminate the tax completely and instead establish civil penalties for poor fuel economy.

The civil penalties approach was proposed by Rep. Philip R. Sharp, D-Ind. Under Sharp's amendment, each automaker's average fuel economy for all of its auto production in a model year would be required to meet standards of 18.5 miles a gallon for 1978 models, 19.5 for 1979 ones, 20.5 for 1980 and ultimately 28 for 1985 models.

## Memorial Hospital

Re-stain all previously stained woodwork. Brush all stained woodwork before restaining. Paint all previously painted woodwork. Scrape all loose paint off of exterior door frames, prime bare spots and paint with one coat of Rust-O-Leum. Paint exterior of all entrance doors. Paint all exposed woodwork on Gable ends.

INTERIOR  
Scrape and sand entire length of wood-beam up east end of ceiling to remove water stains. Also the south 4' of next beam (both sides and bottom). Wash all ceiling area and beams and apply sealant taking care to match sanded portions to the balance of adjoining areas. Apply sealant over entire area of meeting room. Wash electric fixtures on ceiling.

Wash cement block in meeting room and paint or spray paint with proper paint for cement block. Paint metal frames (except aluminum) after washing and touching up bare spots with Rust-O-Leum paint 1 coat. Varnish all interior doors and woodwork 1 coat of flat varnish. Paint all registers black — to match baseboard.

Kitchen wash all walls and ceiling and paint 2 coats except cabinets and doors. Give cabinets and doors 1 coat of flat varnish. Paint register black.

Wash rooms and passage hall to be done same as kitchen.

Doorway to storage to be done same as meeting room both sides and jamb. Nothing to be done in storage room.

Clean all windows and glazed areas.

Bids to specify type and manufacturers of all materials to be used.

Selection of colors to be made by owners when bid is let.

Floor tile is to be washed and waxed after all work is completed.

All interior fixtures to be covered with drop clothes to prevent drops of painting to mar their surfaces.

Certificate of insurance will be required of successful bidder.

An approximate date of starting and completion will be furnished at time contract is let by successful bidder.

The bids will be opened at 9:00 P.M., June 16, 1975 at the Berrien Township Hall in Berrien Center.

Ester I. Sommers  
Township Clerk  
June 13, 14, 1975 H.P. Adv.

## ADVERTISEMENT FOR BIDS

Parking Area Demolition  
Benton Harbor High School

Benton Harbor Area Schools  
Benton Harbor, Michigan

Sealed proposals will be received by the Board of Education in the office of the Group Director of Operations and Facilities, 1121 Milton Street, Benton Harbor, Michigan up to 2:00 p.m. June 16, 1975 and then publicly opened and read aloud. The project consists of demolition and removal of a 2 story house and two out buildings on a lot adjacent to the Benton Harbor High School, Benton Harbor, Michigan.

Proposals, contract forms, plans specifications under which the work will be done may be examined at the following places:

Office of the Group Director of Operations & Facilities, Benton Harbor, Michigan.  
Office of Kingseott Associates, Inc. Architects-Engineers, 511 Monroe Street, Kalamazoo, Michigan — where sets may be obtained.

Builders Exchange, 2930 Lovers Lane, Kalamazoo, Michigan 49007.

Tri-County Contractors Association, 201 E. Ransom, Kalamazoo, Michigan 49007.  
F.W. Dodge Corporation, Grand Rapids, and Kalamazoo, Michigan.

A Certified Check, Bidder's Bond or Bank Draft payable to Mr. Phillip McDonald, Secretary Board of Education, for the sum of no less than 5% of the amount of the proposal will be required with each proposal conditioned to secure the Board of Education from loss or damage by reason of withdrawal of the bid or failure of the Bidder to enter into a contract of performance if the bid is accepted by the Board.

The Board of Education reserves the right to accept or reject any or all proposals and to waive any irregularities in proposals.

The successful Bidder will be required to furnish Performance, Labor and Material Bond in the full amount of the Contract.

No bids may be withdrawn for at least 30 days.
